## **244.305 Granting, withholding, or withdrawing approval.**

### **244.305-70 Policy.**

Use this subsection instead of FAR 44.305-2(c) and 44.305-3(b).

(a) The cognizant contracting officer, in consultation with the purchasing system analyst or auditor, shall—

(1) Determine the acceptability of the contractor's purchasing system and approve or disapprove the system; and

(2) Pursue correction of any deficiencies.

(b) In evaluating the acceptability of the contractor's purchasing system, the contracting officer, in consultation with the purchasing system analyst or auditor, shall determine whether the contractor's purchasing system complies with the system criteria for an acceptable purchasing system as prescribed in the clause at [252.244-7001](#), Contractor Purchasing System Administration.

(c) *Disposition of findings*—

(1) *Reporting of findings.* The purchasing system analyst or auditor shall document findings and recommendations in a report to the contracting officer. If the auditor or purchasing system analyst identifies any significant purchasing system deficiencies, the report shall describe the deficiencies in sufficient detail to allow the contracting officer to understand the deficiencies.

(2) *Initial determination.* (i) The contracting officer shall review all findings and recommendations and, if there are no significant deficiencies, shall promptly notify the contractor that the contractor's purchasing system is acceptable and approved; or

(ii) If the contracting officer finds that there are one or more significant deficiencies (as defined in the clause at [252.244-7001](#), Contractor Purchasing System Administration) due to the contractor's failure to meet one or more of the purchasing system criteria in the clause at [252.244-7001](#), the contracting officer shall—

(3) *Final determination.* (i) The contracting officer shall make a final determination and notify the contractor, in writing, that—

(A) The contractor's purchasing system is acceptable and approved, and no significant deficiencies remain, or

(B) Significant deficiencies remain. The notice shall identify any remaining significant deficiencies, and indicate the adequacy of any proposed or completed corrective action. The contracting officer shall—

(1) Request that the contractor, within 45 days of receipt of the final determination, either correct the deficiencies or submit an acceptable corrective action plan showing milestones and actions to eliminate the deficiencies;

If it does not, the contracting officer should proceed with negotiations. If it does, the contracting officer should consider other alternatives, e.g.—

(i) Allowing the contractor additional time to correct the purchasing system deficiency and submit a corrected proposal;

(ii) Considering another type of contract, e.g., a fixed-price incentive (firm target) contract instead of firm-fixed-price;

(iii) Using additional cost analysis techniques to determine the reasonableness of the cost elements affected by the purchasing system's deficiency;

(iv) Segregating the questionable areas as a cost-reimbursable line item;

(v) Reducing the negotiation objective for profit or fee; or

(vi) Including a contract (reopener) clause that provides for adjustment of the contract

amount after award.

(3) The contracting officer who incorporates a reopener clause into the contract is responsible for negotiating price adjustments required by the clause. Any reopener clause necessitated by a purchasing system deficiency should—

(i) Clearly identify the amounts and items that are in question at the time of negotiation;

(ii) Indicate a specific time or subsequent event by which the contractor will submit a supplemental proposal, including certified cost or pricing data, identifying the cost impact adjustment necessitated by the deficient purchasing system;
