PGI 201.109 Statutory acquisition-related dollar thresholds - adjustment for inflation.

Statutory acquisition-related dollar thresholds are reviewed every 5 years to calculate adjustment for inflation, as required by Section 807 of the National Defense Authorization Act for Fiscal Year 2005 (Public Law 108-375). The matrix showing the most recent escalation adjustments of statutory acquisition-related dollar thresholds in the DFARS is available [here](#).

PGI 201.170 Peer Reviews.

The tenets of the DoD-wide architecture for the acquisition of services along with the associated review criteria are available [here](#). These matrices are to be used when conducting preaward and postaward peer reviews on acquisitions for services. See [PGI 237.102-76](#), Review criteria for the acquisition of services.

PGI 201.170-1 Objective of Peer Reviews.

The objectives of Peer Reviews are to—

- (a) Ensure that DoD contracting officers are implementing policy and regulations in a consistent and appropriate manner;
- (b) Continue to improve the quality of contracting processes throughout DoD; and
- (c) Facilitate cross-sharing of best practices and lessons learned throughout DoD Defense Procurement and Acquisition Policy maintains a database of Peer Review recommendations, lessons learned, and best practices that is available at: http://www.acq.osd.mil/dpap/cpic/cp/peer_reviews.html.

PGI 201.170-2 Pre-award Peer Reviews.

- (a) Pre-award Peer Reviews for competitive acquisitions shall be conducted prior to each of the following three phases of the acquisition:

- (1) Issuance of the solicitation.
- (2) Request for final proposal revisions (if applicable).
- (3) Contract award.

(b) Pre-award Peer Reviews for non-competitive acquisitions shall be conducted prior to each of the following two phases of the acquisition:

- (1) Negotiation.
- (2) Contract award.

PGI 201.170-3 Post-award Peer Reviews of service contracts.

(a) If the base period of performance is greater than one year, the first post-award Peer Review should take place at the mid-point of the base period of performance. If the base period of performance is one year or less, the post-award Peer Review should occur prior to exercise of the first option year. Post-award Peer Reviews should occur prior to every option period thereafter.

(b) Post-award Peer Reviews shall be focused on—

- (1) The adequacy of competition;
- (2) An assessment of actual contract performance; and
- (3) The adequacy of Government surveillance of contract performance.

PGI 201.170-4 Administration of Peer Reviews.

(a) The results and recommendations that are products of Peer Reviews are intended to be advisory in nature; however, in the event the Peer Review report includes a recommendation that is identified as significant and the contracting officer does not intend to follow that recommendation, the senior procurement official of the contracting activity for the reviewed organization must be made aware of this fact before action is taken (or inaction, as applicable) that is contrary to the recommendation. Reviews will be conducted in a manner that preserves the authority, judgment, and discretion of the contracting officer and the senior officials of the acquiring activity.

(b) Peer Review teams will be comprised of senior contracting officials and attorneys from throughout DoD. A senior official designated by the OSD Office of Small Business Programs will participate as a team member on Peer Reviews of services acquisitions. Teams will include civilian employees or military personnel external to the department, agency, or component that is the subject of the Peer Review.

(c) Generally, each review will be conducted at the location of the executing contracting organization.

(d) A list of the documents that must be made available to the review team, along with the specific elements the team will examine, is provided at the end of this PGI section.

(e) The review team observations and recommendations will be communicated to the contracting officer and the senior procurement official immediately upon completion of a review.

(f) The contracting officer shall document the disposition of all Peer Review recommendations (i.e., state whether the recommendation will be followed and, if not, why not) as a signed memorandum for the record in the applicable contract file. This memorandum must be executed prior to the next phase Peer Review or prior to contract award for Phase 3 reviews. For post-award Peer Reviews of services acquisitions, the memorandum must be executed prior to the next option exercise. The contracting officer shall provide a copy of the memorandum to: Deputy Director, Defense Procurement and Acquisition Policy (Contract Policy and International Contracting), 3060 Defense Pentagon, Washington, DC 20301-3060.

PGI 201.6—CAREER DEVELOPMENT, CONTRACTING AUTHORITY, AND RESPONSIBILITIES

PGI 201.602 Contracting officers.

PGI 201.602-2 Responsibilities.

Contracting officers shall inform all individuals performing on their behalf of their delegated roles and responsibilities, and the relationships among the parties.

(d)(i) When designating Department of State personnel as a contracting officer s representative (COR for contracts executed by DoD in support of Department of State in Iraq), follow the procedures in the Director, Defense Procurement and Acquisition Policy memorandum dated [July 11, 2011, Contracting Officer s Representative Designation—Iraq](#).

(ii) DoD COR certification standards define minimum COR competencies, experience, and training requirements according to the nature and complexity of the requirement and contract performance risk. These COR certification standards should be considered when developing service requirements, soliciting proposals, and performing surveillance during contract performance. The DoD standards and policy are provided in [DoD Instruction 5000.72, DoD Standard for Contracting Officer s Representative \(COR\) Certification](#).

(iii) Guidance on the appointment and duties of CORs is provided in the https://www.acq.osd.mil/dpap/cpic/cp/docs/USA001390-12_DoD_COR_Handbook_Signed.pdf.

(iv) DoD agencies and components shall use the DoD Contracting Officer Representative Tracking (CORT) Tool to electronically track COR nominations, appointments, terminations, and training certifications for service contracts. Further guidance on using this tool is provided in [OUSD\(AT&L\) memorandum, dated February 10, 2014, Update to the Department of Defense Contracting Officer Representative Tracking Tool](#). The link to the CORT Tool is <https://wawf.eb.mil>.

(v) A COR assists in the technical monitoring or administration of a contract.

(A) Contracting officers shall designate a COR for all service contracts, including both firm-fixed-price and other than firm-fixed-price contracts, awarded by a DoD component or by any other Federal agency on behalf of DoD. The surveillance activities performed by CORs should be tailored to the dollar value/complexity of the specific contract for which they are designated. For geographically dispersed large contracts with multiple task orders, contracting officers should consider appointing multiple or alternate CORs to assist with surveillance duties. These CORs should have specific duties based on criteria, such as geographic region or distinct task areas, to avoid conflicting or duplicative direction. Contracting officers may exempt service contracts from this requirement when the following three conditions are met:

(1) The contract will be awarded using simplified acquisition procedures;

(2) The requirement is not complex; and

(3) The contracting officer documents the file, in writing, with the specific reasons

why the appointment of a COR is unnecessary.

(B) For cost reimbursement contracts that are not service contracts, contracting officers shall either retain or delegate surveillance activities to a COR or DCMA.

(C) The contracting officer shall include a copy of the written designation required by FAR 1.602-2(d)(7) in the CORT Tool.

(vi) A COR shall maintain an electronic file in the CORT Tool for each contract assigned. This file must include, as a minimum—

(A) A copy of the contracting officer's letter of designation and other documentation describing the COR's duties and responsibilities; and

(B) Documentation of actions taken in accordance with the delegation of authority.

(vii) Contracting officers, as well as the requiring activities (or the COR's supervisor), shall, as a minimum, annually review the COR's files for accuracy and completeness. The results of the contracting officer's review shall be documented in the CORT Tool.

(viii) Prior to contract closeout, the COR will deliver the COR files for the assigned contract to the contracting officer for incorporation into the contract file.
