(3) Orders containing brand-name specifications that exceed \$25,000.

(b) Ordering activities may use [Optional Form 347](#), an agency-prescribed form, or an established electronic communications format to order supplies or services from schedule contracts.

(c) The ordering activity shall place an order directly with the contractor in accordance with the terms and conditions of the pricelists (see [8.402\(b\)](#)). Prior to placement of the order, the ordering activity shall ensure that the regulatory and statutory requirements of the requiring agency have been applied.

(d) Orders shall include the following information in addition to any information required by the schedule contract:

- (1) Complete shipping and billing addresses.
- (2) Contract number and date.
- (3) Agency order number.
- (4) F.o.b. delivery point; *i.e.*, origin or destination.
- (5) Discount terms.
- (6) Delivery time or period of performance.
- (7) Special item number or national stock number.
- (8) A statement of work for services, when required, or a brief, complete description of each item (when ordering by model number, features and options such as color, finish, and electrical characteristics, if available, must be specified).
- (9) Quantity and any variation in quantity.
- (10) Number of units.
- (11) Unit price.
- (12) Total price of order.
- (13) Points of inspection and acceptance.
- (14) Other pertinent data; *e.g.*, delivery instructions or receiving hours and size-of-truck limitation.
- (15) Marking requirements.
- (16) Level of preservation, packaging, and packing.

#### **8.406-2 Inspection and acceptance.**

(a) *Supplies.* (1) Consignees shall inspect supplies at destination except when—

(i) The schedule contract indicates that mandatory source inspection is required by the schedule contracting agency; or

(ii) A schedule item is covered by a product description, and the ordering activity determines that the schedule contracting agency's inspection assistance is needed (based on the ordering volume, the complexity of the supplies, or the past performance of the supplier).

(2) When the schedule contracting agency performs the inspection, the ordering activity will provide two copies of the order specifying source inspection to the schedule contracting agency. The schedule contracting agency will notify the ordering activity of acceptance or rejection of the supplies.

(3) Material inspected at source by the schedule contracting agency, and determined to conform with the product description of the schedule, shall not be reinspected for the

same purpose. The consignee shall limit inspection to kind, count, and condition on receipt.

(4) Unless otherwise provided in the schedule contract, acceptance is conclusive, except as regards latent defects, fraud, or such gross mistakes as amount to fraud.

(b) *Services.* The ordering activity has the right to inspect all services in accordance with the contract requirements and as called for by the order. The ordering activity shall perform inspections and tests as specified in the order's quality assurance surveillance plan in a manner that will not unduly delay the work.

#### **8.406-3 Remedies for nonconformance.**

(a) If a contractor delivers a supply or service, but it does not conform to the order requirements, the ordering activity shall take appropriate action in accordance with the inspection and acceptance clause of the contract, as supplemented by the order.

(b) If the contractor fails to perform an order, or take appropriate corrective action, the ordering activity may terminate the order for cause or modify the order to establish a new delivery date (after obtaining consideration, as appropriate). Ordering activities shall follow the procedures at [8.406-4](#) when terminating an order for cause.

#### **8.406-4 Termination for cause.**

(a)(1) An ordering activity contracting officer may terminate individual orders for cause. Termination for cause shall comply with FAR [12.403](#), and may include charging the contractor with excess costs resulting from repurchase.

(2) The schedule contracting office shall be notified of all instances where an ordering activity contracting officer has terminated for cause an individual order to a Federal Supply Schedule contractor, or if fraud is suspected.

(b) If the contractor asserts that the failure was excusable, the ordering activity contracting officer shall follow the procedures at [8.406-6](#), as appropriate.

(c) If the contractor is charged excess costs, the following apply:

(1) Any repurchase shall be made at as low a price as reasonable, considering the quality required by the Government, delivery requirement, and administrative expenses. Copies of all repurchase orders, except the copy furnished to the contractor or any other commercial concern, shall include the notation:

Repurchase against the account of \_\_\_\_\_ [*insert contractor's name*] under Order \_\_\_\_\_ [*insert number*] under Contract \_\_\_\_\_ [*insert number*].

(2) When excess costs are anticipated, the ordering activity may withhold funds due the contractor as offset security. Ordering activities shall minimize excess costs to be charged against the contractor and collect or set-off any excess costs owed.

(3) If an ordering activity is unable to collect excess repurchase costs, it shall notify the schedule contracting office after final payment to the contractor.

(i) The notice shall include the following information about the terminated order:

- (A) Name and address of the contractor.
- (B) Schedule, contract, and order number.
- (C) National stock or special item number(s), and a brief description of the item(s).
- (D) Cost of schedule items involved.
- (E) Excess costs to be collected.
- (F) Other pertinent data.

(ii) The notice shall also include the following information about the purchase contract:

- (A) Name and address of the contractor.
- (B) Item repurchase cost.
- (C) Repurchase order number and date of payment.
- (D) Contract number, if any.
- (E) Other pertinent data.

(d) Only the schedule contracting officer may modify the contract to terminate for cause any, or all, supplies or services covered by the schedule contract. If the schedule contracting officer has terminated any supplies or services covered by the schedule contract, no further orders may be placed for those items. Orders placed prior to termination for cause shall be fulfilled by the contractor, unless terminated for the convenience of the Government by the ordering activity contracting officer.

(e) *Reporting.* An ordering activity contracting officer, in accordance with agency procedures, shall ensure that information related to termination for cause notices and any amendments are reported. In the event the termination for cause is subsequently converted to a termination for convenience, or is otherwise withdrawn, the contracting officer shall ensure that a notice of the conversion or withdrawal is reported. All reporting shall be in accordance with [42.1503\(h\)](#).

#### **8.406-5 Termination for the Government’s convenience.**

(a) An ordering activity contracting officer may terminate individual orders for the Government’s convenience. Termi-

nations for the Government’s convenience shall comply with FAR [12.403](#).

(b) Before terminating orders for the Government’s convenience, the ordering activity contracting officer shall endeavor to enter into a “no cost” settlement agreement with the contractor.

(c) Only the schedule contracting officer may modify the schedule contract to terminate any, or all, supplies or services covered by the schedule contract for the Government’s convenience.

#### **8.406-6 Disputes.**

(a) *Disputes pertaining to the performance of orders under a schedule contract.*(1) Under the Disputes clause of the schedule contract, the ordering activity contracting officer may—

(i) Issue final decisions on disputes arising from performance of the order (but see paragraph (b) of this section); or

(ii) Refer the dispute to the schedule contracting officer.

(2) The ordering activity contracting officer shall notify the schedule contracting officer promptly of any final decision.

(b) *Disputes pertaining to the terms and conditions of schedule contracts.* The ordering activity contracting officer shall refer all disputes that relate to the contract terms and conditions to the schedule contracting officer for resolution under the Disputes clause of the contract and notify the schedule contractor of the referral.

(c) *Appeals.* Contractors may appeal final decisions to either the Board of Contract Appeals servicing the agency that issued the final decision or the U.S. Court of Federal Claims.

(d) *Alternative dispute resolution.* The contracting officer should use the alternative dispute resolution (ADR) procedures, to the maximum extent practicable (see [33.204](#) and [33.214](#)).

#### **8.406-7 Contractor Performance Evaluation.**

Ordering activities must prepare at least annually and at the time the work under the order is completed, an evaluation of contractor performance for each order that exceeds the simplified acquisition threshold in accordance with [42.1502\(c\)](#).

## Subpart 12.4—Unique Requirements Regarding Terms and Conditions for Commercial Items

### 12.401 General.

This subpart provides—

(a) Guidance regarding tailoring of the paragraphs in the clause at [52.212-4](#), Contract Terms and Conditions—Commercial Items, when the paragraphs do not reflect the customary practice for a particular market; and

(b) Guidance on the administration of contracts for commercial items in those areas where the terms and conditions in [52.212-4](#) differ substantially from those contained elsewhere in the FAR.

### 12.402 Acceptance.

(a) The acceptance paragraph in [52.212-4](#) is based upon the assumption that the Government will rely on the contractor's assurances that the commercial item tendered for acceptance conforms to the contract requirements. The Government inspection of commercial items will not prejudice its other rights under the acceptance paragraph. Additionally, although the paragraph does not address the issue of rejection, the Government always has the right to refuse acceptance of nonconforming items. This paragraph is generally appropriate when the Government is acquiring noncomplex commercial items.

(b) Other acceptance procedures may be more appropriate for the acquisition of complex commercial items or commercial items used in critical applications. In such cases, the contracting officer shall include alternative inspection procedure(s) in an addendum and ensure these procedures and the postaward remedies adequately protect the interests of the Government. The contracting officer must carefully examine the terms and conditions of any express warranty with regard to the effect it may have on the Government's available postaward remedies (see [12.404](#)).

(c) The acquisition of commercial items under other circumstances such as on an "as is" basis may also require acceptance procedures different from those contained in [52.212-4](#). The contracting officer should consider the effect the specific circumstances will have on the acceptance paragraph as well as other paragraphs of the clause.

### 12.403 Termination.

(a) *General.* The clause at [52.212-4](#) permits the Government to terminate a contract for commercial items either for the convenience of the Government or for cause. However, the paragraphs in [52.212-4](#) entitled "Termination for the Government's Convenience" and "Termination for Cause" contain concepts which differ from those contained in the termination clauses prescribed in [Part 49](#). Consequently, the requirements of [Part 49](#) do not apply when terminating contracts for commercial items and contracting officers shall fol-

low the procedures in this section. Contracting officers may continue to use [Part 49](#) as guidance to the extent that [Part 49](#) does not conflict with this section and the language of the termination paragraphs in [52.212-4](#).

(b) *Policy.* The contracting officer should exercise the Government's right to terminate a contract for commercial items either for convenience or for cause only when such a termination would be in the best interests of the Government. The contracting officer should consult with counsel prior to terminating for cause.

(c) *Termination for cause.* (1) The paragraph in [52.212-4](#) entitled "Excusable Delay" requires contractors notify the contracting officer as soon as possible after commencement of any excusable delay. In most situations, this requirement should eliminate the need for a show cause notice prior to terminating a contract. The contracting officer shall send a cure notice prior to terminating a contract for a reason other than late delivery.

(2) The Government's rights after a termination for cause shall include all the remedies available to any buyer in the marketplace. The Government's preferred remedy will be to acquire similar items from another contractor and to charge the defaulted contractor with any excess reprocurement costs together with any incidental or consequential damages incurred because of the termination.

(3) When a termination for cause is appropriate, the contracting officer shall send the contractor a written notification regarding the termination. At a minimum, this notification shall—

(i) Indicate the contract is terminated for cause;

(ii) Specify the reasons for the termination;

(iii) Indicate which remedies the Government intends to seek or provide a date by which the Government will inform the contractor of the remedy; and

(iv) State that the notice constitutes a final decision of the contracting officer and that the contractor has the right to appeal under the Disputes clause (see [33.211](#)).

(4) The contracting officer, in accordance with agency procedures, shall ensure that information related to termination for cause notices and any amendments are reported. In the event the termination for cause is subsequently converted to a termination for convenience, or is otherwise withdrawn, the contracting officer shall ensure that a notice of the conversion or withdrawal is reported. All reporting shall be in accordance with [42.1503\(h\)](#).

(d) *Termination for the Government's convenience.* (1) When the contracting officer terminates a contract for commercial items for the Government's convenience, the contractor shall be paid—

(i) (A) The percentage of the contract price reflecting the percentage of the work performed prior to the notice of the termination for fixed-price or fixed-price with economic price adjustment contracts; or

(B) An amount for direct labor hours (as defined in the Schedule of the contract) determined by multiplying the number of direct labor hours expended before the effective date of termination by the hourly rate(s) in the Schedule; and

(ii) Any charges the contractor can demonstrate directly resulted from the termination. The contractor may demonstrate such charges using its standard record keeping system and is not required to comply with the cost accounting standards or the contract cost principles in [Part 31](#). The Government does not have any right to audit the contractor's records solely because of the termination for convenience.

(2) Generally, the parties should mutually agree upon the requirements of the termination proposal. The parties must balance the Government's need to obtain sufficient documentation to support payment to the contractor against the goal of having a simple and expeditious settlement.

#### 12.404 Warranties.

(a) *Implied warranties.* The Government's post award rights contained in [52.212-4](#) are the implied warranty of merchantability, the implied warranty of fitness for particular purpose and the remedies contained in the acceptance paragraph.

(1) The implied warranty of merchantability provides that an item is reasonably fit for the ordinary purposes for which such items are used. The items must be of at least average, fair or medium-grade quality and must be comparable in quality to those that will pass without objection in the trade or market for items of the same description.

(2) The implied warranty of fitness for a particular purpose provides that an item is fit for use for the particular purpose for which the Government will use the items. The Government can rely upon an implied warranty of fitness for particular purpose when—

(i) The seller knows the particular purpose for which the Government intends to use the item; and

(ii) The Government relied upon the contractor's skill and judgment that the item would be appropriate for that particular purpose.

(3) Contracting officers should consult with legal counsel prior to asserting any claim for a breach of an implied warranty.

(b) *Express warranties.* The Federal Acquisition Streamlining Act of 1994 ([41 U.S.C. 264](#) note) requires contracting officers to take advantage of commercial warranties. To the maximum extent practicable, solicitations for commercial items shall require offerors to offer the Government at least the same warranty terms, including offers of extended warranties, offered to the general public in customary commercial practice. Solicitations may specify minimum warranty terms, such as minimum duration, appropriate for the Government's intended use of the item.

(1) Any express warranty the Government intends to rely upon must meet the needs of the Government. The contracting officer should analyze any commercial warranty to determine if—

(i) The warranty is adequate to protect the needs of the Government, *e.g.*, items covered by the warranty and length of warranty;

(ii) The terms allow the Government effective post-award administration of the warranty to include the identification of warranted items, procedures for the return of warranted items to the contractor for repair or replacement, and collection of product performance information; and

(iii) The warranty is cost-effective.

(2) In some markets, it may be customary commercial practice for contractors to exclude or limit the implied warranties contained in [52.212-4](#) in the provisions of an express warranty. In such cases, the contracting officer shall ensure that the express warranty provides for the repair or replacement of defective items discovered within a reasonable period of time after acceptance.

(3) Express warranties shall be included in the contract by addendum (see [12.302](#)).

(iii) Determined that an exception applied after the data were submitted and, therefore, considered not to be certified cost or pricing data.

(7) A summary of the contractor's proposal, any field pricing assistance recommendations, including the reasons for any pertinent variances from them, the Government's negotiation objective, and the negotiated position. Where the determination of a fair and reasonable price is based on cost analysis, the summary shall address each major cost element. When determination of a fair and reasonable price is based on price analysis, the summary shall include the source and type of data used to support the determination.

(8) The most significant facts or considerations controlling the establishment of the prenegotiation objectives and the negotiated agreement including an explanation of any significant differences between the two positions.

(9) To the extent such direction has a significant effect on the action, a discussion and quantification of the impact of direction given by Congress, other agencies, and higher-level officials (*i.e.*, officials who would not normally exercise authority during the award and review process for the instant contract action).

(10) The basis for the profit or fee prenegotiation objective and the profit or fee negotiated.

(11) Documentation of fair and reasonable pricing.

(b) Whenever field pricing assistance has been obtained, the contracting officer shall forward a copy of the negotiation documentation to the office(s) providing assistance. When appropriate, information on how advisory field support can be made more effective should be provided separately.

### 15.407 Special cost or pricing areas.

#### 15.407-1 Defective certified cost or pricing data.

(a) If, before agreement on price, the contracting officer learns that any certified cost or pricing data submitted are inaccurate, incomplete, or noncurrent, the contracting officer shall immediately bring the matter to the attention of the prospective contractor, whether the defective data increase or decrease the contract price. The contracting officer shall consider any new data submitted to correct the deficiency, or consider the inaccuracy, incompleteness, or noncurrency of the data when negotiating the contract price. The price negotiation memorandum shall reflect the adjustments made to the data or the corrected data used to negotiate the contract price.

(b)(1) If, after award, certified cost or pricing data are found to be inaccurate, incomplete, or noncurrent as of the date of final agreement on price or an earlier date agreed upon by the parties given on the contractor's or subcontractor's Certificate of Current Cost or Pricing Data, the Government is entitled to a price adjustment, including profit or fee, of any significant amount by which the price was increased because of the defective data. This entitlement is ensured by including in the contract one of the clauses prescribed in [15.408\(b\)](#) and (c) and is set forth in the clauses at [52.215-10](#), Price Reduction

for Defective Certified Cost or Pricing Data, and [52.215-11](#), Price Reduction for Defective Certified Cost or Pricing Data-Modifications. The clauses give the Government the right to a price adjustment for defects in certified cost or pricing data submitted by the contractor, a prospective subcontractor, or an actual subcontractor.

(2) In arriving at a price adjustment, the contracting officer shall consider the time by which the certified cost or pricing data became reasonably available to the contractor, and the extent to which the Government relied upon the defective data.

(3) The clauses referred to in paragraph (b)(1) of this subsection recognize that the Government's right to a price adjustment is not affected by any of the following circumstances:

(i) The contractor or subcontractor was a sole source supplier or otherwise was in a superior bargaining position;

(ii) The contracting officer should have known that the certified cost or pricing data in issue were defective even though the contractor or subcontractor took no affirmative action to bring the character of the data to the attention of the contracting officer;

(iii) The contract was based on an agreement about the total cost of the contract and there was no agreement about the cost of each item procured under such contract; or

(iv) Certified cost or pricing data were required; however, the contractor or subcontractor did not submit a Certificate of Current Cost or Pricing Data relating to the contract.

(4) Subject to paragraphs (b)(5) and (6) of this subsection, the contracting officer shall allow an offset for any understated certified cost or pricing data submitted in support of price negotiations, up to the amount of the Government's claim for overstated pricing data arising out of the same pricing action (*e.g.*, the initial pricing of the same contract or the pricing of the same change order).

(5) An offset shall be allowed only in an amount supported by the facts and if the contractor—

(i) Certifies to the contracting officer that, to the best of the contractor's knowledge and belief, the contractor is entitled to the offset in the amount requested; and

(ii) Proves that the certified cost or pricing data were available before the "as of" date specified on the Certificate of Current Cost or Pricing Data but were not submitted. Such offsets need not be in the same cost groupings (*e.g.*, material, direct labor, or indirect costs).

(6) An offset shall not be allowed if—

(i) The understated data were known by the contractor to be understated before the "as of" date specified on the Certificate of Current Cost or Pricing Data; or

(ii) The Government proves that the facts demonstrate that the price would not have increased in the amount to be offset even if the available data had been submitted before the "as of" date specified on the Certificate of Current Cost or Pricing Data.

(7)(i) In addition to the price adjustment, the Government is entitled to recovery of any overpayment plus interest

on the overpayments. The Government is also entitled to penalty amounts on certain of these overpayments. Overpayment occurs only when payment is made for supplies or services accepted by the Government. Overpayments do not result from amounts paid for contract financing, as defined in [32.001](#).

(ii) In calculating the interest amount due, the contracting officer shall—

(A) Determine the defective pricing amounts that have been overpaid to the contractor;

(B) Consider the date of each overpayment (the date of overpayment for this interest calculation shall be the date payment was made for the related completed and accepted contract items; or for subcontract defective pricing, the date payment was made to the prime contractor, based on prime contract progress billings or deliveries, which included payments for a completed and accepted subcontract item); and

(C) Apply the underpayment interest rate(s) in effect for each quarter from the time of overpayment to the time of repayment, utilizing rate(s) prescribed by the Secretary of the Treasury under [26 U.S.C. 6621\(a\)\(2\)](#).

(iii) In arriving at the amount due for penalties on contracts where the submission of defective certified cost or pricing data was a knowing submission, the contracting officer shall obtain an amount equal to the amount of overpayment made. Before taking any contractual actions concerning penalties, the contracting officer shall obtain the advice of counsel.

(iv) In the demand letter, the contracting officer shall separately include—

(A) The repayment amount;

(B) The penalty amount (if any);

(C) The interest amount through a specified date;

and

(D) A statement that interest will continue to accrue until repayment is made.

(c) If, after award, the contracting officer learns or suspects that the data furnished were not accurate, complete, and current, or were not adequately verified by the contractor as of the time of negotiation, the contracting officer shall request an audit to evaluate the accuracy, completeness, and currency of the data. The Government may evaluate the profit-cost relationships only if the audit reveals that the data certified by the contractor were defective. The contracting officer shall not reprice the contract solely because the profit was greater than forecast or because a contingency specified in the submission failed to materialize.

(d) For each advisory audit received based on a postaward review that indicates defective pricing, the contracting officer shall make a determination as to whether or not the data submitted were defective and relied upon. Before making such a determination, the contracting officer should give the contractor an opportunity to support the accuracy, completeness, and currency of the data in question. The contracting officer shall prepare a memorandum documenting both the determination and any corrective action taken as a result. The contracting

officer shall send one copy of this memorandum to the auditor and, if the contract has been assigned for administration, one copy to the administrative contracting officer (ACO). A copy of the memorandum or other notice of the contracting officer's determination shall be provided to the contractor. When the contracting officer determines that the contractor submitted defective cost or pricing data, the contracting officer, in accordance with agency procedures, shall ensure that information relating to the contracting officer's final determination is reported in accordance with [42.1503\(h\)](#). Agencies shall ensure updated information that changes a contracting officer's prior final determination is reported into the FAPIIS module of PPIRS in the event of a—

(1) Contracting officer's decision in accordance with the Contract Disputes Act;

(2) Board of Contract Appeals decision; or

(3) Court decision.

(e) If both the contractor and subcontractor submitted, and the contractor certified, or should have certified, cost or pricing data, the Government has the right, under the clauses at [52.215-10](#), Price Reduction for Defective Certified Cost or Pricing Data, and [52.215-11](#), Price Reduction for Defective Certified Cost or Pricing Data—Modifications, to reduce the prime contract price if it was significantly increased because a subcontractor submitted defective data. This right applies whether these data supported subcontract cost estimates or supported firm agreements between subcontractor and contractor.

(f) If Government audit discloses defective subcontractor certified cost or pricing data, the information necessary to support a reduction in prime contract and subcontract prices may be available only from the Government. To the extent necessary to secure a prime contract price reduction, the contracting officer should make this information available to the prime contractor or appropriate subcontractors, upon request. If release of the information would compromise Government security or disclose trade secrets or confidential business information, the contracting officer shall release it only under conditions that will protect it from improper disclosure. Information made available under this paragraph shall be limited to that used as the basis for the prime contract price reduction. In order to afford an opportunity for corrective action, the contracting officer should give the prime contractor reasonable advance notice before determining to reduce the prime contract price.

(1) When a prime contractor includes defective subcontract data in arriving at the price but later awards the subcontract to a lower priced subcontractor (or does not subcontract for the work), any adjustment in the prime contract price due to defective subcontract data is limited to the difference (plus applicable indirect cost and profit markups) between the subcontract price used for pricing the prime contract, and either the actual subcontract price or the actual cost to the contractor, if not subcontracted, provided the data on which the actual subcontract price is based are not themselves defective.

orders in those areas will be awarded on a sole-source basis; however, each awardee need not be capable of performing every requirement as well as any other awardee under the contracts. The contracting officer should consider the following when determining the number of contracts to be awarded:

(1) The scope and complexity of the contract requirement.

(2) The expected duration and frequency of task or delivery orders.

(3) The mix of resources a contractor must have to perform expected task or delivery order requirements.

(4) The ability to maintain competition among the awardees throughout the contracts' period of performance.

(B) The contracting officer must not use the multiple award approach if—

(1) Only one contractor is capable of providing performance at the level of quality required because the supplies or services are unique or highly specialized;

(2) Based on the contracting officer's knowledge of the market, more favorable terms and conditions, including pricing, will be provided if a single award is made;

(3) The expected cost of administration of multiple contracts outweighs the expected benefits of making multiple awards;

(4) The projected task orders are so integrally related that only a single contractor can reasonably perform the work;

(5) The total estimated value of the contract is less than the simplified acquisition threshold; or

(6) Multiple awards would not be in the best interests of the Government.

(C) The contracting officer must document the decision whether or not to use multiple awards in the acquisition plan or contract file. The contracting officer may determine that a class of acquisitions is not appropriate for multiple awards (see [Subpart 1.7](#)).

(D) (1) No task or delivery order contract in an amount estimated to exceed \$103 million (including all options) may be awarded to a single source unless the head of the agency determines in writing that—

(i) The task or delivery orders expected under the contract are so integrally related that only a single source can reasonably perform the work;

(ii) The contract provides only for firm-fixed price (see [16.202](#)) task or delivery orders for—

(A) Products for which unit prices are established in the contract; or

(B) Services for which prices are established in the contract for the specific tasks to be performed;

(iii) Only one source is qualified and capable of performing the work at a reasonable price to the Government; or

(iv) It is necessary in the public interest to award the contract to a single source due to exceptional circumstances.

(2) The head of the agency must notify Congress within 30 days after any determination under paragraph (c)(1)(ii)(D)(1)(iv) of this section.

(3) The requirement for a determination for a single-award contract greater than \$103 million:

(i) Is in addition to any applicable requirements of [Subpart 6.3](#).

(ii) Is not applicable for architect-engineer services awarded pursuant to [Subpart 36.6](#).

(2) *Contracts for advisory and assistance services.*

(i) Except as provided in paragraph (c)(2)(ii) of this section, if an indefinite-quantity contract for advisory and assistance services exceeds 3 years and \$12.5 million, including all options, the contracting officer must make multiple awards unless—

(A) The contracting officer or other official designated by the head of the agency determines in writing, as part of acquisition planning, that multiple awards are not practicable. The contracting officer or other official must determine that only one contractor can reasonably perform the work because either the scope of work is unique or highly specialized or the tasks so integrally related;

(B) The contracting officer or other official designated by the head of the agency determines in writing, after the evaluation of offers, that only one offeror is capable of providing the services required at the level of quality required; or

(C) Only one offer is received.

(ii) The requirements of paragraph (c)(2)(i) of this section do not apply if the contracting officer or other official designated by the head of the agency determines that the advisory and assistance services are incidental and not a significant component of the contract.

### 16.505 Ordering.

(a) *General.* (1) In general, the contracting officer does not synopsise orders under indefinite-delivery contracts; except see [16.505\(a\)\(4\)](#) and (11), and [16.505\(b\)\(2\)\(ii\)\(D\)](#).

(2) Individual orders shall clearly describe all services to be performed or supplies to be delivered so the full cost or price for the performance of the work can be established when the order is placed. Orders shall be within the scope, issued within the period of performance, and be within the maximum value of the contract.

(3) Performance-based acquisition methods must be used to the maximum extent practicable, if the contract or order is for services (see [37.102\(a\)](#) and [Subpart 37.6](#)).

(4) The following requirements apply when procuring items peculiar to one manufacturer:

(i) The contracting officer must justify restricting consideration to an item peculiar to one manufacturer (*e.g.*, a

particular brand-name, product, or a feature of a product that is peculiar to one manufacturer). A brand-name item, even if available on more than one contract, is an item peculiar to one manufacturer. Brand-name specifications shall not be used unless the particular brand-name, product, or feature is essential to the Government's requirements and market research indicates other companies' similar products, or products lacking the particular feature, do not meet, or cannot be modified to meet, the agency's needs.

(ii) Requirements for use of items peculiar to one manufacturer shall be justified and approved using the format(s) and requirements from paragraphs (b)(2)(ii)(A), (B), and (C) of this section, modified to show the brand-name justification. A justification is required unless a justification covering the requirements in the order was previously approved for the contract in accordance with [6.302-1\(c\)](#) or unless the base contract is a single-award contract awarded under full and open competition. Justifications for the use of brand-name specifications must be completed and approved at the time the requirement for a brand-name is determined.

(iii)(A) For an order in excess of \$25,000, the contracting officer shall—

(1) Post the justification and supporting documentation on the agency website used (if any) to solicit offers for orders under the contract; or

(2) Provide the justification and supporting documentation along with the solicitation to all contract awardees.

(B) The justifications for brand-name acquisitions may apply to the portion of the acquisition requiring the brand-name item. If the justification is to cover only the portion of the acquisition which is brand-name, then it should so state; the approval level requirements will then only apply to that portion.

(C) The requirements in paragraph (a)(4)(iii)(A) of this section do not apply when disclosure would compromise the national security (e.g., would result in disclosure of classified information) or create other security risks.

(D) The justification is subject to the screening requirement in paragraph (b)(2)(ii)(D)(4) of this section.

(5) When acquiring information technology and related services, consider the use of modular contracting to reduce program risk (see [39.103\(a\)](#)).

(6) Orders may be placed by using any medium specified in the contract.

(7) Orders placed under indefinite-delivery contracts must contain the following information:

(i) Date of order.

(ii) Contract number and order number.

(iii) For supplies and services, contract item number and description, quantity, and unit price or estimated cost or fee.

(iv) Delivery or performance schedule.

(v) Place of delivery or performance (including consignee).

(vi) Any packaging, packing, and shipping instructions.

(vii) Accounting and appropriation data.

(viii) Method of payment and payment office, if not specified in the contract (see [32.1110\(e\)](#)).

(8) Orders placed under a task-order contract or delivery-order contract awarded by another agency (i.e., a Governmentwide acquisition contract, or multi-agency contract)—

(i) Are not exempt from the development of acquisition plans (see [Subpart 7.1](#)), and an information technology acquisition strategy (see [Part 39](#));

(ii) May not be used to circumvent conditions and limitations imposed on the use of funds (e.g., [31 U.S.C. 1501\(a\)\(1\)](#)); and

(iii) Must comply with all FAR requirements for a bundled contract when the order meets the definition of "bundled contract" (see [2.101\(b\)](#)).

(9) In accordance with section 1427(b) of Public Law 108-136, orders placed under multi-agency contracts for services that substantially or to a dominant extent specify performance of architect-engineer services, as defined in [2.101](#), shall—

(i) Be awarded using the procedures at [Subpart 36.6](#); and

(ii) Require the direct supervision of a professional architect or engineer licensed, registered or certified in the State, Federal District, or outlying area, in which the services are to be performed.

(10) (i) No protest under [Subpart 33.1](#) is authorized in connection with the issuance or proposed issuance of an order under a task-order contract or delivery-order contract, except for—

(A) A protest on the grounds that the order increases the scope, period, or maximum value of the contract; or

(B) A protest of an order valued in excess of \$10 million. Protests of orders in excess of \$10 million may only be filed with the Government Accountability Office, in accordance with the procedures at [33.104](#).

(ii) The authority to protest the placement of an order under (a)(10)(i)(B) of this section expires on September 30, 2016, for agencies other than DoD, NASA, and the Coast Guard ([41 U.S.C. 4103\(d\)](#) and [41 U.S.C. 4106\(f\)](#)). The authority to protest the placement of an order under (a)(10)(i)(B) of this section does not expire for DoD, NASA, and the Coast Guard.

(11) Publicize orders funded in whole or in part by the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5) as follows:

(i) Notices of proposed orders shall follow the procedures in [5.704](#) for posting orders.

(ii) Award notices for orders shall follow the procedures in [5.705](#).

(12) When using the Governmentwide commercial purchase card as a method of payment, orders at or below the micro-purchase threshold are exempt from verification in the System for Award Management database as to whether the contractor has a delinquent debt subject to collection under the Treasury Offset Program (TOP).

(b) *Orders under multiple-award contracts*—(1) *Fair opportunity.*(i) The contracting officer must provide each awardee a fair opportunity to be considered for each order exceeding \$3,000 issued under multiple delivery-order contracts or multiple task-order contracts, except as provided for in paragraph (b)(2) of this section.

(ii) The contracting officer may exercise broad discretion in developing appropriate order placement procedures. The contracting officer should keep submission requirements to a minimum. Contracting officers may use streamlined procedures, including oral presentations. If the order does not exceed the simplified acquisition threshold, the contracting officer need not contact each of the multiple awardees under the contract before selecting an order awardee if the contracting officer has information available to ensure that each awardee is provided a fair opportunity to be considered for each order. The competition requirements in [Part 6](#) and the policies in [Subpart 15.3](#) do not apply to the ordering process. However, the contracting officer must—

(A) Develop placement procedures that will provide each awardee a fair opportunity to be considered for each order and that reflect the requirement and other aspects of the contracting environment;

(B) Not use any method (such as allocation or designation of any preferred awardee) that would not result in fair consideration being given to all awardees prior to placing each order;

(C) Tailor the procedures to each acquisition;

(D) Include the procedures in the solicitation and the contract; and

(E) Consider price or cost under each order as one of the factors in the selection decision.

(iii) *Orders exceeding the simplified acquisition threshold.* (A) Each order exceeding the simplified acquisition threshold shall be placed on a competitive basis in accordance with paragraph (b)(1)(iii)(B) of this section, unless supported by a written determination that one of the circumstances described at [16.505\(b\)\(2\)\(i\)](#) applies to the order and the requirement is waived on the basis of a justification that is prepared in accordance with [16.505\(b\)\(2\)\(ii\)\(B\)](#);

(B) The contracting officer shall—

(1) Provide a fair notice of the intent to make a purchase, including a clear description of the supplies to be delivered or the services to be performed and the basis upon which the selection will be made to all contractors offering the

required supplies or services under the multiple-award contract; and

(2) Afford all contractors responding to the notice a fair opportunity to submit an offer and have that offer fairly considered.

(iv) *Orders exceeding \$5 million.* For task or delivery orders in excess of \$5 million, the requirement to provide all awardees a fair opportunity to be considered for each order shall include, at a minimum—

(A) A notice of the task or delivery order that includes a clear statement of the agency's requirements;

(B) A reasonable response period;

(C) Disclosure of the significant factors and sub-factors, including cost or price, that the agency expects to consider in evaluating proposals, and their relative importance;

(D) Where award is made on a best value basis, a written statement documenting the basis for award and the relative importance of quality and price or cost factors; and

(E) An opportunity for a postaward debriefing in accordance with paragraph (b)(6) of this section.

(v) The contracting officer should consider the following when developing the procedures:

(A) (1) Past performance on earlier orders under the contract, including quality, timeliness and cost control.

(2) Potential impact on other orders placed with the contractor.

(3) Minimum order requirements.

(4) The amount of time contractors need to make informed business decisions on whether to respond to potential orders.

(5) Whether contractors could be encouraged to respond to potential orders by outreach efforts to promote exchanges of information, such as—

(i) Seeking comments from two or more contractors on draft statements of work;

(ii) Using a multiphased approach when effort required to respond to a potential order may be resource intensive (*e.g.*, requirements are complex or need continued development), where all contractors are initially considered on price considerations (*e.g.*, rough estimates), and other considerations as appropriate (*e.g.*, proposed conceptual approach, past performance). The contractors most likely to submit the highest value solutions are then selected for one-on-one sessions with the Government to increase their understanding of the requirements, provide suggestions for refining requirements, and discuss risk reduction measures.

(B) Formal evaluation plans or scoring of quotes or offers are not required.

(2) *Exceptions to the fair opportunity process.*(i) The contracting officer shall give every awardee a fair opportunity to be considered for a delivery-order or task-order exceeding \$3,000 unless one of the following statutory exceptions applies:

(A) The agency need for the supplies or services is so urgent that providing a fair opportunity would result in unacceptable delays.

(B) Only one awardee is capable of providing the supplies or services required at the level of quality required because the supplies or services ordered are unique or highly specialized.

(C) The order must be issued on a sole-source basis in the interest of economy and efficiency because it is a logical follow-on to an order already issued under the contract, provided that all awardees were given a fair opportunity to be considered for the original order.

(D) It is necessary to place an order to satisfy a minimum guarantee.

(E) For orders exceeding the simplified acquisition threshold, a statute expressly authorizes or requires that the purchase be made from a specified source.

(F) In accordance with section 1331 of Public Law 111-240 ([15 U.S.C. 644\(r\)](#)), contracting officers may, at their discretion, set aside orders for any of the small business concerns identified in [19.000\(a\)\(3\)](#). When setting aside orders for small business concerns, the specific small business program eligibility requirements identified in part [19](#) apply.

(ii) The justification for an exception to fair opportunity shall be in writing as specified in paragraphs (b)(2)(ii)(A) or (B) of this section. No justification is needed for the exception described in paragraph (b)(2)(i)(F) of this section.

(A) *Orders exceeding \$3,000, but not exceeding the simplified acquisition threshold.* The contracting officer shall document the basis for using an exception to the fair opportunity process. If the contracting officer uses the logical follow-on exception, the rationale shall describe why the relationship between the initial order and the follow-on is logical (*e.g.*, in terms of scope, period of performance, or value).

(B) Orders exceeding the simplified acquisition threshold. As a minimum, each justification shall include the following information and be approved in accordance with paragraph (b)(2)(ii)(C) of this section:

(1) Identification of the agency and the contracting activity, and specific identification of the document as a “Justification for an Exception to Fair Opportunity.”

(2) Nature and/or description of the action being approved.

(3) A description of the supplies or services required to meet the agency’s needs (including the estimated value).

(4) Identification of the exception to fair opportunity (see [16.505\(b\)\(2\)](#)) and the supporting rationale, including a demonstration that the proposed contractor’s unique qualifications or the nature of the acquisition requires use of the exception cited. If the contracting officer uses the logical follow-on exception, the rationale shall describe why

the relationship between the initial order and the follow-on is logical (*e.g.*, in terms of scope, period of performance, or value).

(5) A determination by the contracting officer that the anticipated cost to the Government will be fair and reasonable.

(6) Any other facts supporting the justification.

(7) A statement of the actions, if any, the agency may take to remove or overcome any barriers that led to the exception to fair opportunity before any subsequent acquisition for the supplies or services is made.

(8) The contracting officer’s certification that the justification is accurate and complete to the best of the contracting officer’s knowledge and belief.

(9) Evidence that any supporting data that is the responsibility of technical or requirements personnel (*e.g.*, verifying the Government’s minimum needs or requirements or other rationale for an exception to fair opportunity) and which form a basis for the justification have been certified as complete and accurate by the technical or requirements personnel.

(10) A written determination by the approving official that one of the circumstances in (b)(2)(i)(A) through (E) of this section applies to the order.

(C) *Approval.*(1) For proposed orders exceeding the simplified acquisition threshold, but not exceeding \$650,000, the ordering activity contracting officer’s certification that the justification is accurate and complete to the best of the ordering activity contracting officer’s knowledge and belief will serve as approval, unless a higher approval level is established in accordance with agency procedures.

(2) For a proposed order exceeding \$650,000, but not exceeding \$12.5 million, the justification must be approved by the competition advocate of the activity placing the order, or by an official named in paragraph (b)(2)(ii)(C)(3) or (4) of this section. This authority is not delegable.

(3) For a proposed order exceeding \$12.5 million, but not exceeding \$62.5 million (or, for DoD, NASA, and the Coast Guard, not exceeding \$85.5 million), the justification must be approved by—

(i) The head of the procuring activity placing the order;

(ii) A designee who—

(A) If a member of the armed forces, is a general or flag officer;

(B) If a civilian, is serving in a position in a grade above GS-15 under the General Schedule (or in a comparable or higher position under another schedule); or

(iii) An official named in paragraph (b)(2)(ii)(C)(4) of this section.

(4) For a proposed order exceeding \$62.5 million (or, for DoD, NASA, and the Coast Guard, over \$85.5

## Subpart 17.2—Options

### 17.200 Scope of subpart.

This subpart prescribes policies and procedures for the use of option solicitation provisions and contract clauses. Except as provided in agency regulations, this subpart does not apply to contracts for (a) services involving the construction, alteration, or repair (including dredging, excavating, and painting) of buildings, bridges, roads, or other kinds of real property; (b) architect-engineer services; and (c) research and development services. However, it does not preclude the use of options in those contracts.

### 17.201 [Reserved]

### 17.202 Use of options.

(a) Subject to the limitations of paragraphs (b) and (c) of this section, for both sealed bidding and contracting by negotiation, the contracting officer may include options in contracts when it is in the Government's interest. When using sealed bidding, the contracting officer shall make a written determination that there is a reasonable likelihood that the options will be exercised before including the provision at [52.217-5](#), Evaluation of Options, in the solicitation. (See [17.207\(f\)](#) with regard to the exercise of options.)

(b) Inclusion of an option is normally not in the Government's interest when, in the judgment of the contracting officer—

(1) The foreseeable requirements involve—

(i) Minimum economic quantities (*i.e.*, quantities large enough to permit the recovery of startup costs and the production of the required supplies at a reasonable price); and

(ii) Delivery requirements far enough into the future to permit competitive acquisition, production, and delivery.

(2) An indefinite quantity or requirements contract would be more appropriate than a contract with options. However, this does not preclude the use of an indefinite quantity contract or requirements contract with options.

(c) The contracting officer shall not employ options if—

(1) The contractor will incur undue risks; *e.g.*, the price or availability of necessary materials or labor is not reasonably foreseeable;

(2) Market prices for the supplies or services involved are likely to change substantially; or

(3) The option represents known firm requirements for which funds are available unless—

(i) The basic quantity is a learning or testing quantity; and

(ii) Competition for the option is impracticable once the initial contract is awarded.

(d) In recognition of—

(1) The Government's need in certain service contracts for continuity of operations; and

(2) The potential cost of disrupted support, options may be included in service contracts if there is an anticipated need for a similar service beyond the first contract period.

### 17.203 Solicitations.

(a) Solicitations shall include appropriate option provisions and clauses when resulting contracts will provide for the exercise of options (see [17.208](#)).

(b) Solicitations containing option provisions shall state the basis of evaluation, either exclusive or inclusive of the option and, when appropriate, shall inform offerors that it is anticipated that the Government may exercise the option at time of award.

(c) Solicitations normally should allow option quantities to be offered without limitation as to price, and there shall be no limitation as to price if the option quantity is to be considered in the evaluation for award (see [17.206](#)).

(d) Solicitations that allow the offer of options at unit prices which differ from the unit prices for the basic requirement shall state that offerors may offer varying prices for options, depending on the quantities actually ordered and the dates when ordered.

(e) If it is anticipated that the Government may exercise an option at the time of award and if the condition specified in paragraph (d) of this section applies, solicitations shall specify the price at which the Government will evaluate the option (highest option price offered or option price for specified requirements).

(f) Solicitations may, in unusual circumstances, require that options be offered at prices no higher than those for the initial requirement; *e.g.*, when—

(1) The option cannot be evaluated under [17.206](#); or

(2) Future competition for the option is impracticable.

(g) Solicitations that require the offering of an option at prices no higher than those for the initial requirement shall—

(1) Specify that the Government will accept an offer containing an option price higher than the base price only if the acceptance does not prejudice any other offeror; and

(2) Limit option quantities for additional supplies to not more than 50 percent of the initial quantity of the same contract line item. In unusual circumstances, an authorized person at a level above the contracting officer may approve a greater percentage of quantity.

(h) Include the value of options in determining if the acquisition will exceed the World Trade Organization Government Procurement Agreement or Free Trade Agreement thresholds.

### 17.204 Contracts.

(a) The contract shall specify limits on the purchase of additional supplies or services, or the overall duration of the term of the contract, including any extension.

(b) The contract shall state the period within which the option may be exercised.

(c) The period shall be set so as to provide the contractor adequate lead time to ensure continuous production.

(d) The period may extend beyond the contract completion date for service contracts. This is necessary for situations when exercise of the option would result in the obligation of funds that are not available in the fiscal year in which the contract would otherwise be completed.

(e) Unless otherwise approved in accordance with agency procedures, the total of the basic and option periods shall not exceed 5 years in the case of services, and the total of the basic and option quantities shall not exceed the requirement for 5 years in the case of supplies. These limitations do not apply to information technology contracts. However, statutes applicable to various classes of contracts, for example, the Service Contract Act (see [22.1002-1](#)), may place additional restrictions on the length of contracts.

(f) Contracts may express options for increased quantities of supplies or services in terms of—

- (1) Percentage of specific line items,
- (2) Increase in specific line items; or
- (3) Additional numbered line items identified as the option.

(g) Contracts may express extensions of the term of the contract as an amended completion date or as additional time for performance; *e.g.*, days, weeks, or months.

#### 17.205 Documentation.

(a) The contracting officer shall justify in writing the quantities or the term under option, the notification period for exercising the option, and any limitation on option price under [17.203\(g\)](#); and shall include the justification document in the contract file.

(b) Any justifications and approvals and any determination and findings required by [Part 6](#) shall specify both the basic requirement and the increase permitted by the option.

#### 17.206 Evaluation.

(a) In awarding the basic contract, the contracting officer shall, except as provided in paragraph (b) of this section, evaluate offers for any option quantities or periods contained in a solicitation when it has been determined prior to soliciting offers that the Government is likely to exercise the options. (See [17.208](#).)

(b) The contracting officer need not evaluate offers for any option quantities when it is determined that evaluation would not be in the best interests of the Government and this determination is approved at a level above the contracting officer. An example of a circumstance that may support a determination not to evaluate offers for option quantities is when there is a reasonable certainty that funds will be unavailable to permit exercise of the option.

#### 17.207 Exercise of options.

(a) When exercising an option, the contracting officer shall provide written notice to the contractor within the time period specified in the contract.

(b) When the contract provides for economic price adjustment and the contractor requests a revision of the price, the contracting officer shall determine the effect of the adjustment on prices under the option before the option is exercised.

(c) The contracting officer may exercise options only after determining that—

- (1) Funds are available;
- (2) The requirement covered by the option fulfills an existing Government need;
- (3) The exercise of the option is the most advantageous method of fulfilling the Government's need, price and other factors (see paragraphs (d) and (e) of this section) considered;
- (4) The option was synopsisized in accordance with [Part 5](#) unless exempted by [5.202\(a\)\(11\)](#) or other appropriate exemptions in [5.202](#);
- (5) The contractor is not listed in the System for Award Management Exclusions (see FAR [9.405-1](#));
- (6) The contractor's past performance evaluations on other contract actions have been considered; and
- (7) The contractor's performance on this contract has been acceptable, *e.g.*, received satisfactory ratings.

(d) The contracting officer, after considering price and other factors, shall make the determination on the basis of one of the following:

- (1) A new solicitation fails to produce a better price or a more advantageous offer than that offered by the option. If it is anticipated that the best price available is the option price or that this is the more advantageous offer, the contracting officer should not use this method of testing the market.
- (2) An informal analysis of prices or an examination of the market indicates that the option price is better than prices available in the market or that the option is the more advantageous offer.
- (3) The time between the award of the contract containing the option and the exercise of the option is so short that it indicates the option price is the lowest price obtainable or the more advantageous offer. The contracting officer shall take into consideration such factors as market stability and comparison of the time since award with the usual duration of contracts for such supplies or services.

(e) The determination of other factors under paragraph (c)(3) of this section—

- (1) Should take into account the Government's need for continuity of operations and potential costs of disrupting operations; and
- (2) May consider the effect on small business.

(f) Before exercising an option, the contracting officer shall make a written determination for the contract file that exercise is in accordance with the terms of the option, the requirements of this section, and [Part 6](#). To satisfy require-

ments of [Part 6](#) regarding full and open competition, the option must have been evaluated as part of the initial competition and be exercisable at an amount specified in or reasonably determinable from the terms of the basic contract, *e.g.*—

- (1) A specific dollar amount;
  - (2) An amount to be determined by applying provisions (or a formula) provided in the basic contract, but not including renegotiation of the price for work in a fixed-price type contract;
  - (3) In the case of a cost-type contract, if—
    - (i) The option contains a fixed or maximum fee; or
    - (ii) The fixed or maximum fee amount is determinable by applying a formula contained in the basic contract (but see [16.102\(c\)](#));
  - (4) A specific price that is subject to an economic price adjustment provision; or
  - (5) A specific price that is subject to change as the result of changes to prevailing labor rates provided by the Secretary of Labor.
- (g) The contract modification or other written document which notifies the contractor of the exercise of the option shall cite the option clause as authority.

#### **17.208 Solicitation provisions and contract clauses.**

(a) Insert a provision substantially the same as the provision at [52.217-3](#), Evaluation Exclusive of Options, in solicitations when the solicitation includes an option clause and does not include one of the provisions prescribed in paragraph (b) or (c) of this section.

(b) Insert a provision substantially the same as the provision at [52.217-4](#), Evaluation of Options Exercised at Time of Contract Award, in solicitations when the solicitation includes an option clause, the contracting officer has determined that there is a reasonable likelihood that the option will be exercised, and the option may be exercised at the time of contract award.

(c) Insert a provision substantially the same as the provision at [52.217-5](#), Evaluation of Options, in solicitations when—

- (1) The solicitation contains an option clause;

(2) An option is not to be exercised at the time of contract award;

(3) A firm-fixed-price contract, a fixed-price contract with economic price adjustment, or other type of contract approved under agency procedures is contemplated; and

(4) The contracting officer has determined that there is a reasonable likelihood that the option will be exercised. For sealed bids, the determination shall be in writing.

(d) Insert a clause substantially the same as the clause at [52.217-6](#), Option for Increased Quantity, in solicitations and contracts, other than those for services, when the inclusion of an option is appropriate (see [17.200](#) and [17.202](#)) and the option quantity is expressed as a percentage of the basic contract quantity or as an additional quantity of a specific line item.

(e) Insert a clause substantially the same as the clause at [52.217-7](#), Option for Increased Quantity—Separately Priced Line Item, in solicitations and contracts, other than those for services, when the inclusion of an option is appropriate (see [17.200](#) and [17.202](#)) and the option quantity is identified as a separately priced line item having the same nomenclature as a corresponding basic contract line item.

(f) Insert a clause substantially the same as the clause at [52.217-8](#), Option to Extend Services, in solicitations and contracts for services when the inclusion of an option is appropriate. (See [17.200](#), [17.202](#), and [37.111](#).)

(g) Insert a clause substantially the same as the clause at [52.217-9](#), Option to Extend the Term of the Contract, in solicitations and contracts when the inclusion of an option is appropriate (see [17.200](#) and [17.202](#)) and it is necessary to include in the contract any or all of the following:

(1) A requirement that the Government must give the contractor a preliminary written notice of its intent to extend the contract.

(2) A statement that an extension of the contract includes an extension of the option.

(3) A specified limitation on the total duration of the contract.

This page intentionally left blank.

(1) A World Trade Organization Government Procurement Agreement country (Armenia, Aruba, Austria, Belgium, Bulgaria, Canada, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan (known in the World Trade Organization as “the Separate Customs Territory of Taiwan, Penghu, Kinmen and Matsu” (Chinese Taipei)) or United Kingdom);

(2) A Free Trade Agreement country (Australia, Bahrain, Canada, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Oman, Panama, Peru, or Singapore);

(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Tanzania, Timor-Leste, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

“Designated country end product” means a WTO GPA country end product, an FTA country end product, a least developed country end product, or a Caribbean Basin country end product.

“Domestic construction material” means—

(1)(i) An unmanufactured construction material mined or produced in the United States;

(ii) A construction material manufactured in the United States, if—

(A) The cost of the components mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic; or

(B) The construction material is a COTS item;

(2) Except that for use in subpart [25.6](#), see the definition in [25.601](#).

“Domestic end product” means—

(1) An unmanufactured end product mined or produced in the United States;

(2) An end product manufactured in the United States, if—

(i) The cost of its components mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. Components of foreign origin of the same class or kind as those that the agency determines are not mined, produced, or manufactured in sufficient and reasonably available commercial quantities of a satisfactory quality are treated as domestic. Scrap generated, collected, and prepared for processing in the United States is considered domestic; or

(ii) The end product is a COTS item.

“Domestic offer” means an offer of a domestic end product. When the solicitation specifies that award will be made on a group of line items, a domestic offer means an offer where the proposed price of the domestic end products exceeds 50 percent of the total proposed price of the group.

“Eligible offer” means an offer of an eligible product. When the solicitation specifies that award will be made on a group of line items, an eligible offer means a foreign offer where the combined proposed price of the eligible products and the domestic end products exceeds 50 percent of the total proposed price of the group.

“Eligible product” means a foreign end product, construction material, or service that, due to applicability of a trade agreement to a particular acquisition, is not subject to discriminatory treatment.

“End product” means those articles, materials, and supplies to be acquired for public use.

“Foreign construction material” means a construction material other than a domestic construction material.

“Foreign contractor” means a contractor or subcontractor organized or existing under the laws of a country other than the United States.

“Foreign end product” means an end product other than a domestic end product.

“Foreign offer” means any offer other than a domestic offer.

“Free Trade Agreement country” means Australia, Bahrain, Canada, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Oman, Panama, Peru, or Singapore.

“Free Trade Agreement country end product” means an article that—

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement (FTA) country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in an FTA country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply

contract, but for purposes of calculating the value of the end product, includes services (except transportation services) incidental to the article, provided that the value of those incidental services does not exceed that of the article itself.

“Israeli end product” means an article that—

(1) Is wholly the growth, product, or manufacture of Israel; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Israel into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed.

“Least developed country” means any of the following countries: Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Tanzania, Timor-Leste, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia.

“Least developed country end product” means an article that—

(1) Is wholly the growth, product, or manufacture of a least developed country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a least developed country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product, includes services (except transportation services) incidental to the article, provided that the value of those incidental services does not exceed that of the article itself.

“Noneligible offer” means an offer of a noneligible product.

“Noneligible product” means a foreign end product that is not an eligible product.

“United States” means the 50 States, the District of Columbia, and outlying areas.

“U.S.-made end product” means an article that is mined, produced, or manufactured in the United States or that is substantially transformed in the United States into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed.

“World Trade Organization Government Procurement Agreement (WTO GPA) country” means any of the following countries: Armenia, Aruba, Austria, Belgium, Bulgaria, Canada, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ire-

land, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan, or United Kingdom.

“WTO GPA country end product” means an article that—

(1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to the article, provided that the value of those incidental services does not exceed that of the article itself.

### Subpart 25.1—Buy American Act—Supplies

#### 25.100 Scope of subpart.

(a) This subpart implements—

(1) The Buy American Act ([41 U.S.C. 10a - 10d](#));

(2) Executive Order 10582, December 17, 1954; and

(3) Waiver of the component test of the Buy American Act for acquisitions of commercially available off-the-shelf (COTS) items in accordance with [41 U.S.C 431](#).

(b) It applies to supplies acquired for use in the United States, including supplies acquired under contracts set aside for small business concerns, if—

(1) The supply contract exceeds the micro-purchase threshold; or

(2) The supply portion of a contract for services that involves the furnishing of supplies (*e.g.*, lease) exceeds the micro-purchase threshold.

#### 25.101 General.

(a) The Buy American Act restricts the purchase of supplies that are not domestic end products. For manufactured end products, the Buy American Act uses a two-part test to define a domestic end product.

(1) The article must be manufactured in the United States; and

(2) The cost of domestic components must exceed 50 percent of the cost of all the components. In accordance with [41 U.S.C. 431](#), this component test of the Buy American Act has been waived for acquisitions of COTS items (see [12.505\(a\)](#)).

(b) The Buy American Act applies to small business set-asides. A manufactured product of a small business concern is a U.S.-made end product, but is not a domestic end product

## Subpart 42.15—Contractor Performance Information

### 42.1500 Scope of subpart.

This subpart provides policies and establishes responsibilities for recording and maintaining contractor performance information. This subpart does not apply to procedures used by agencies in determining fees under award or incentive fee contracts. See subpart [16.4](#). However, the fee amount paid to contractors should be reflective of the contractor's performance and the past performance evaluation should closely parallel and be consistent with the fee determinations.

### 42.1501 General.

(a) Past performance information (including the ratings and supporting narratives) is relevant information, for future source selection purposes, regarding a contractor's actions under previously awarded contracts or orders. It includes, for example, the contractor's record of—

- (1) Conforming to requirements and to standards of good workmanship;
- (2) Forecasting and controlling costs;
- (3) Adherence to schedules, including the administrative aspects of performance;
- (4) Reasonable and cooperative behavior and commitment to customer satisfaction;
- (5) Reporting into databases (see subparts [4.14](#) and [4.15](#), and reporting requirements in the solicitation provisions and clauses referenced in [9.104-7](#));
- (6) Integrity and business ethics; and
- (7) Business-like concern for the interest of the customer.

(b) Agencies shall monitor their compliance with the past performance evaluation requirements (see [42.1502](#)), and use the Contractor Performance Assessment Reporting System (CPARS) and Past Performance Information Retrieval System (PPIRS) metric tools to measure the quality and timely reporting of past performance information.

### 42.1502 Policy.

(a) *General.* Past performance evaluations shall be prepared at least annually and at the time the work under a contract or order is completed. Past performance evaluations are required for contracts and orders for supplies, services, research and development, and contingency operations, including contracts and orders performed inside and outside the United States, with the exception of architect-engineer and construction contracts or orders, which will still be reported into the Architect-Engineer Contract Administration Support System (ACASS) and Construction Contractor Appraisal Support System (CCASS) databases of CPARS. These evaluations are generally for the entity, division, or unit that performed the contract or order. Past performance information

shall be entered into CPARS, the Governmentwide evaluation reporting tool for all past performance reports on contracts and orders. Instructions for submitting evaluations into CPARS are available at <http://www.cpars.gov/>.

(b) *Contracts.* Except as provided in paragraphs (e), (f), and (h) of this section, agencies shall prepare evaluations of contractor performance for each contract (as defined in FAR part 2) that exceeds the simplified acquisition threshold and for each order that exceeds the simplified acquisition threshold. Agencies are required to prepare an evaluation if a modification to the contract causes the dollar amount to exceed the simplified acquisition threshold.

(c) *Orders under multiple-agency contracts.* Agencies shall prepare an evaluation of contractor performance for each order that exceeds the simplified acquisition threshold that is placed under a Federal Supply Schedule contract or placed under a task-order contract or a delivery-order contract awarded by another agency (*i.e.*, Governmentwide acquisition contract or multi-agency contract). Agencies placing orders under their own multiple-agency contract shall also prepare evaluations for their own orders. This evaluation shall not consider the requirements under paragraph (g) of this section. Agencies are required to prepare an evaluation if a modification to the order causes the dollar amount to exceed the simplified acquisition threshold.

(d) *Orders under single-agency contracts.* For single-agency task-order and delivery-order contracts, the contracting officer may require performance evaluations for each order in excess of the simplified acquisition threshold when such evaluations would produce more useful past performance information for source selection officials than that contained in the overall contract evaluation (*e.g.*, when the scope of the basic contract is very broad and the nature of individual orders could be significantly different). This evaluation need not consider the requirements under paragraph (g) of this section unless the contracting officer deems it appropriate.

(e) Past performance evaluations shall be prepared for each construction contract of \$650,000 or more, and for each construction contract terminated for default regardless of contract value. Past performance evaluations may also be prepared for construction contracts below \$650,000.

(f) Past performance evaluations shall be prepared for each architect-engineer services contract of \$30,000 or more, and for each architect-engineer services contract that is terminated for default regardless of contract value. Past performance evaluations may also be prepared for architect-engineer services contracts below \$30,000.

(g) Past performance evaluations shall include an assessment of contractor performance against, and efforts to achieve, the goals identified in the small business subcontracting plan when the contract includes the clause at [52.219-9](#), Small Business Subcontracting Plan.

(h) Agencies shall not evaluate performance for contracts awarded under [Subpart 8.7](#).

(i) Agencies shall promptly report other contractor information in accordance with [42.1503\(h\)](#).

#### 42.1503 Procedures.

(a)(1) Agencies shall assign responsibility and management accountability for the completeness of past performance submissions. Agency procedures for the past performance evaluation system shall—

(i) Generally provide for input to the evaluations from the technical office, contracting office, program management office and, where appropriate, quality assurance and end users of the product or service;

(ii) Identify and assign past performance evaluation roles and responsibilities to those individuals responsible for preparing and reviewing interim evaluations, if prepared, and final evaluations (*e.g.*, contracting officers, contracting officer representatives, project managers, and program managers). Those individuals identified may obtain information for the evaluation of performance from the program office, administrative contracting office, audit office, end users of the product or service, and any other technical or business advisor, as appropriate; and

(iii) Address management controls and appropriate management reviews of past performance evaluations, to include accountability for documenting past performance on PPIRS.

(2) If agency procedures do not specify the individuals responsible for past performance evaluation duties, the contracting officer is responsible for this function.

(3) Interim evaluations may be prepared as required, in accordance with agency procedures.

(b)(1) The evaluation should include a clear, non-technical description of the principal purpose of the contract or order. The evaluation should reflect how the contractor performed. The evaluation should include clear relevant information that accurately depicts the contractor's performance, and be based on objective facts supported by program and contract or order performance data. The evaluations should be tailored to the contract type, size, content, and complexity of the contractual requirements.

(2) Evaluation factors for each assessment shall include, at a minimum, the following:

(i) Technical (quality of product or service).

(ii) Cost control (not applicable for firm-fixed-price or fixed-price with economic price adjustment arrangements).

(iii) Schedule/timeliness.

(iv) Management or business relations.

(v) Small business subcontracting (as applicable, see Table 42-2).

(vi) Other (as applicable) (*e.g.*, late or nonpayment to subcontractors, trafficking violations, tax delinquency, failure

to report in accordance with contract terms and conditions, defective cost or pricing data, terminations, suspension and debarments).

(3) Evaluation factors may include subfactors.

(4) Each factor and subfactor used shall be evaluated and a supporting narrative provided. Each evaluation factor, as listed in paragraph (b)(2) of this section, shall be rated in accordance with a five scale rating system (*i.e.*, exceptional, very good, satisfactory, marginal, and unsatisfactory). The ratings and narratives must reflect the definitions in the tables 42-1 or 42-2 of this section.

(c)(1) When the contract provides for incentive fees, the incentive-fee contract performance evaluation shall be entered into CPARS.

(2) When the contract provides for award fee, the award fee-contract performance adjectival rating as described in [16.401\(e\)\(3\)](#) shall be entered into CPARS.

(d) Agency evaluations of contractor performance, including both negative and positive evaluations, prepared under this subpart shall be provided to the contractor as soon as practicable after completion of the evaluation. The contractor will receive a CPARS-system generated notification when an evaluation is ready for comment. Contractors shall be given a minimum of 30 days to submit comments, rebutting statements, or additional information. Agencies shall provide for review at a level above the contracting officer to consider disagreements between the parties regarding the evaluation. The ultimate conclusion on the performance evaluation is a decision of the contracting agency. Copies of the evaluation, contractor response, and review comments, if any, shall be retained as part of the evaluation. These evaluations may be used to support future award decisions, and should therefore be marked "Source Selection Information". Evaluation of Federal Prison Industries (FPI) performance may be used to support a waiver request (see [8.604](#)) when FPI is a mandatory source in accordance with subpart [8.6](#). The completed evaluation shall not be released to other than Government personnel and the contractor whose performance is being evaluated during the period the information may be used to provide source selection information. Disclosure of such information could cause harm both to the commercial interest of the Government and to the competitive position of the contractor being evaluated as well as impede the efficiency of Government operations. Evaluations used in determining award or incentive fee payments may also be used to satisfy the requirements of this subpart. A copy of the annual or final past performance evaluation shall be provided to the contractor as soon as it is finalized.

(e) Agencies shall require frequent evaluation (*e.g.*, monthly, quarterly) of agency compliance with the reporting requirements in 42.1502, so agencies can readily identify delinquent past performance reports and monitor their reports for quality control.

(f) Agencies shall prepare and submit all past performance evaluations electronically in the CPARS at <http://www.cpars.gov/>. These evaluations are automatically transmitted to PPIRS at <http://www.ppirs.gov/>. Past performance evaluations for classified contracts and special access programs shall not be reported in CPARS, but will be reported as stated in this subpart and in accordance with agency procedures. Agencies shall ensure that appropriate management and technical controls are in place to ensure that only authorized personnel have access to the data and the information safeguarded in accordance with 42.1503(d).

(g) Agencies shall use the past performance information in PPIRS that is within three years (six for construction and architect-engineer contracts) of the completion of performance of the evaluated contract or order, and information contained in the Federal Awardee Performance and Integrity Information System (FAPIIS), e.g., terminations for default or cause.

(h) *Other contractor performance information.* (1) Agencies shall ensure information is accurately reported in the Fed-

eral Awardee Performance and Integrity Information System (FAPIIS) module of CPARS within 3 calendar days after a contracting officer—

(i) Issues a final determination that a contractor has submitted defective cost or pricing data;

(ii) Makes a subsequent change to the final determination concerning defective cost or pricing data pursuant to [15.407-1\(d\)](#);

(iii) Issues a final termination for cause or default notice; or

(iv) Makes a subsequent withdrawal or a conversion of a termination for default to a termination for convenience.

(2) Agencies shall establish CPARS focal points who will register users to report data into the FAPIIS module of CPARS (available at <http://www.cpars.gov/>, then select FAPIIS).

(3) With regard to information that may be covered by a disclosure exemption under the Freedom of Information Act, the contracting officer shall follow the procedures at [9.105-2\(b\)\(2\)\(iv\)](#).

**TABLE 42-1—EVALUATION RATING DEFINITIONS.**

Rating	Definition	Note
(a) Exceptional	Performance meets contractual requirements and exceeds many to the Government’s benefit. The contractual performance of the element or sub-element being evaluated was accomplished with few minor problems for which corrective actions taken by the contractor were highly effective.	To justify an Exceptional rating, identify multiple significant events and state how they were of benefit to the Government. A singular benefit, however, could be of such magnitude that it alone constitutes an Exceptional rating. Also, there should have been NO significant weaknesses identified.
(b) Very Good	Performance meets contractual requirements and exceeds some to the Government’s benefit. The contractual performance of the element or sub-element being evaluated was accomplished with some minor problems for which corrective actions taken by the contractor were effective.	To justify a Very Good rating, identify a significant event and state how it was a benefit to the Government. There should have been no significant weaknesses identified.
(c) Satisfactory	Performance meets contractual requirements. The contractual performance of the element or sub-element contains some minor problems for which corrective actions taken by the contractor appear or were satisfactory.	To justify a Satisfactory rating, there should have been only minor problems, or major problems the contractor recovered from without impact to the contract/order. There should have been NO significant weaknesses identified. A fundamental principle of assigning ratings is that contractors will not be evaluated with a rating lower than Satisfactory solely for not performing beyond the requirements of the contract/order.
(d) Marginal	Performance does not meet some contractual requirements. The contractual performance of the element or sub-element being evaluated reflects a serious problem for which the contractor has not yet identified corrective actions. The contractor’s proposed actions appear only marginally effective or were not fully implemented.	To justify Marginal performance, identify a significant event in each category that the contractor had trouble overcoming and state how it impacted the Government. A Marginal rating should be supported by referencing the management tool that notified the contractor of the contractual deficiency (e.g., management, quality, safety, or environmental deficiency report or letter).

**TABLE 42-1—EVALUATION RATING DEFINITIONS.**

Rating	Definition	Note
(e) Unsatisfactory	Performance does not meet most contractual requirements and recovery is not likely in a timely manner. The contractual performance of the element or sub-element contains a serious problem(s) for which the contractor’s corrective actions appear or were ineffective.	To justify an Unsatisfactory rating, identify multiple significant events in each category that the contractor had trouble overcoming and state how it impacted the Government. A singular problem, however, could be of such serious magnitude that it alone constitutes an unsatisfactory rating. An Unsatisfactory rating should be supported by referencing the management tools used to notify the contractor of the contractual deficiencies (e.g., management, quality, safety, or environmental deficiency reports, or letters).

NOTE 1: Plus or minus signs may be used to indicate an improving (+) or worsening (-) trend insufficient to change the evaluation status.

NOTE 2: N/A (not applicable) should be used if the ratings are not going to be applied to a particular area for evaluation.

**TABLE 42-2—EVALUATION RATINGS DEFINITIONS (FOR THE SMALL BUSINESS SUBCONTRACTING EVALUATION FACTOR, WHEN 52.219-9 IS USED).**

Rating	Definition	Note
(a) Exceptional	Exceeded all statutory goals or goals as negotiated. Had exceptional success with initiatives to assist, promote, and utilize small business (SB), small disadvantaged business (SDB), women-owned small business (WOSB), HUBZone small business, veteran-owned small business (VOSB) and service disabled veteran owned small business (SDVOSB). Complied with FAR <a href="#">52.219-8</a> , Utilization of Small Business Concerns. Exceeded any other small business participation requirements incorporated in the contract/order, including the use of small businesses in mission critical aspects of the program. Went above and beyond the required elements of the subcontracting plan and other small business requirements of the contract/order. Completed and submitted Individual Subcontract Reports and/or Summary Subcontract Reports in an accurate and timely manner.	To justify an Exceptional rating, identify multiple significant events and state how they were a benefit to small business utilization. A singular benefit, however, could be of such magnitude that it constitutes an Exceptional rating. Small businesses should be given meaningful and innovative work directly related to the contract, and opportunities should not be limited to indirect work such as cleaning offices, supplies, landscaping, etc. Also, there should have been no significant weaknesses identified.
(b) Very Good	Met all of the statutory goals or goals as negotiated. Had significant success with initiatives to assist, promote and utilize SB, SDB, WOSB, HUBZone, VOSB, and SDVOSB. Complied with FAR <a href="#">52.219-8</a> , Utilization of Small Business Concerns. Met or exceeded any other small business participation requirements incorporated in the contract/order, including the use of small businesses in mission critical aspects of the program. Endeavored to go above and beyond the required elements of the subcontracting plan. Completed and submitted Individual Subcontract Reports and/or Summary Subcontract Reports in an accurate and timely manner.	To justify a Very Good rating, identify a significant event and state how it was a benefit to small business utilization. Small businesses should be given meaningful and innovative opportunities to participate as subcontractors for work directly related to the contract, and opportunities should not be limited to indirect work such as cleaning offices, supplies, landscaping, etc. There should be no significant weaknesses identified.

**TABLE 42-2—EVALUATION RATINGS DEFINITIONS (FOR THE SMALL BUSINESS SUBCONTRACTING EVALUATION FACTOR, WHEN 52.219-9 IS USED).**

Rating	Definition	Note
(c) Satisfactory	Demonstrated a good faith effort to meet all of the negotiated subcontracting goals in the various socio-economic categories for the current period. Complied with FAR <a href="#">52.219-8</a> , Utilization of Small Business Concerns. Met any other small business participation requirements included in the contract/order. Fulfilled the requirements of the subcontracting plan included in the contract/order. Completed and submitted Individual Subcontract Reports and/or Summary Subcontract Reports in an accurate and timely manner.	To justify a Satisfactory rating, there should have been only minor problems, or major problems the contractor has addressed or taken corrective action. There should have been no significant weaknesses identified. A fundamental principle of assigning ratings is that contractors will not be assessed a rating lower than Satisfactory solely for not performing beyond the requirements of the contract/order.
(d) Marginal	Deficient in meeting key subcontracting plan elements. Deficient in complying with FAR <a href="#">52.219-8</a> , Utilization of Small Business Concerns, and any other small business participation requirements in the contract/order. Did not submit Individual Subcontract Reports and/or Summary Subcontract Reports in an accurate or timely manner. Failed to satisfy one or more requirements of a corrective action plan currently in place; however, does show an interest in bringing performance to a satisfactory level and has demonstrated a commitment to apply the necessary resources to do so. Required a corrective action plan.	To justify Marginal performance, identify a significant event that the contractor had trouble overcoming and how it impacted small business utilization. A Marginal rating should be supported by referencing the actions taken by the government that notified the contractor of the contractual deficiency.
(e) Unsatisfactory	Noncompliant with FAR <a href="#">52.219-8</a> and <a href="#">52.219-9</a> , and any other small business participation requirements in the contract/order. Did not submit Individual Subcontract Reports and/or Summary Subcontract Reports in an accurate or timely manner. Showed little interest in bringing performance to a satisfactory level or is generally uncooperative. Required a corrective action plan.	To justify an Unsatisfactory rating, identify multiple significant events that the contractor had trouble overcoming and state how it impacted small business utilization. A singular problem, however, could be of such serious magnitude that it alone constitutes an Unsatisfactory rating. An Unsatisfactory rating should be supported by referencing the actions taken by the government to notify the contractor of the deficiencies. When an Unsatisfactory rating is justified, the contracting officer must consider whether the contractor made a good faith effort to comply with the requirements of the subcontracting plan required by FAR <a href="#">52.219-9</a> and follow the procedures outlined in FAR <a href="#">52.219-16</a> , Liquidated Damages-Subcontracting Plan.

NOTE 1: Plus or minus signs may be used to indicate an improving (+) or worsening (-) trend insufficient to change evaluation status.

NOTE 2: Generally, zero percent is not a goal unless the contracting officer determined when negotiating the subcon-

tracting plan that no subcontracting opportunities exist in a particular socio-economic category. In such cases, the contractor shall be considered to have met the goal for any socio-economic category where the goal negotiated in the plan was zero.

This page intentionally left blank.

pletion of the work. In addition, the contracting officer shall notify the disbursing officer to withhold further payments under the terminated contract, pending further advice, which should be furnished at the earliest practicable time.

(i) In the case of a construction contract, promptly after issuance of the termination notice, the contracting officer shall determine the manner in which the work is to be completed and whether the materials, appliances, and plant that are on the site will be needed.

(j) If the contracting officer determines before issuing the termination notice that the failure to perform is excusable, the contract shall not be terminated for default. If termination is in the Government's interest, the contracting officer may terminate the contract for the convenience of the Government.

(k) If the contracting officer has not been able to determine, before issuance of the notice of termination whether the contractor's failure to perform is excusable, the contracting officer shall make a written decision on that point as soon as practicable after issuance of the notice of termination. The decision shall be delivered promptly to the contractor with a notification that the contractor has the right to appeal as specified in the Disputes clause.

#### **49.402-4 Procedure in lieu of termination for default.**

The following courses of action, among others, are available to the contracting officer in lieu of termination for default when in the Government's interest:

(a) Permit the contractor, the surety, or the guarantor, to continue performance of the contract under a revised delivery schedule.

(b) Permit the contractor to continue performance of the contract by means of a subcontract or other business arrangement with an acceptable third party, provided the rights of the Government are adequately preserved.

(c) If the requirement for the supplies and services in the contract no longer exists, and the contractor is not liable to the Government for damages as provided in [49.402-7](#), execute a no-cost termination settlement agreement using the formats in [49.603-6](#) and [49.603-7](#) as a guide.

#### **49.402-5 Memorandum by the contracting officer.**

When a contract is terminated for default or a procedure authorized by [49.402-4](#) is followed, the contracting officer shall prepare a memorandum for the contract file explaining the reasons for the action taken.

#### **49.402-6 Repurchase against contractor's account.**

(a) When the supplies or services are still required after termination, the contracting officer shall repurchase the same or similar supplies or services against the contractor's account as soon as practicable. The contracting officer shall repurchase

at as reasonable a price as practicable, considering the quality and delivery requirements. The contracting officer may repurchase a quantity in excess of the undelivered quantity terminated for default when the excess quantity is needed, but excess cost may not be charged against the defaulting contractor for more than the undelivered quantity terminated for default (including variations in quantity permitted by the terminated contract). Generally, the contracting officer will make a decision whether or not to repurchase before issuing the termination notice.

(b) If the repurchase is for a quantity not over the undelivered quantity terminated for default, the Default clause authorizes the contracting officer to use any terms and acquisition method deemed appropriate for the repurchase. However, the contracting officer shall obtain competition to the maximum extent practicable for the repurchase. The contracting officer shall cite the Default clause as the authority. If the repurchase is for a quantity over the undelivered quantity terminated for default, the contracting officer shall treat the entire quantity as a new acquisition.

(c) If repurchase is made at a price over the price of the supplies or services terminated, the contracting officer shall, after completion and final payment of the repurchase contract, make written demand on the contractor for the total amount of the excess, giving consideration to any increases or decreases in other costs such as transportation, discounts, etc. If the contractor fails to make payment, the contracting officer shall follow the procedures in [Subpart 32.6](#) for collecting contract debts due the Government.

#### **49.402-7 Other damages.**

(a) If the contracting officer terminates a contract for default or follows a course of action instead of termination for default (see [49.402-4](#)), the contracting officer promptly must assess and demand any liquidated damages to which the Government is entitled under the contract. Under the contract clause at [52.211-11](#), these damages are in addition to any excess repurchase costs.

(b) If the Government has suffered any other ascertainable damages, including administrative costs, as a result of the contractor's default, the contracting officer must, on the basis of legal advice, take appropriate action as prescribed in [Subpart 32.6](#) to assert the Government's demand for the damages.

#### **49.402-8 Reporting Information.**

The contracting officer, in accordance with agency procedures, shall ensure that information relating to the termination for default notice and a subsequent withdrawal or a conversion to a termination for convenience is reported in accordance with [42.1503\(h\)](#).

#### **49.403 Termination of cost-reimbursement contracts for default.**

(a) The right to terminate a cost-reimbursement contract for default is provided for in the Termination for Default or for Convenience of the Government clause at [52.249-6](#). A 10-day notice to the contractor before termination for default is required in every case by the clause.

(b) Settlement of a cost-reimbursement contract terminated for default is subject to the principles in [Subparts 49.1](#) and [49.3](#) the same as when a contract is terminated for convenience, except that—

(1) The costs of preparing the contractor's settlement proposal are not allowable (see paragraph (h)(3) of the clause); and

(2) The contractor is reimbursed the allowable costs, and an appropriate reduction is made in the total fee, if any, (see paragraph (h)(4) of the clause).

(c) The contracting officer shall use the procedures in [49.402](#) to the extent appropriate in considering the termination for default of a cost-reimbursement contract. However, a cost-reimbursement contract does not contain any provision for recovery of excess repurchase costs after termination for default (but see paragraph (g) of the clause at [52.246-3](#) with respect to failure of the contractor to replace or correct defective supplies).

#### **49.404 Surety-takeover agreements.**

(a) The procedures in this section apply primarily, but not solely, to fixed-price construction contracts terminated for default.

(b) Since the surety is liable for damages resulting from the contractor's default, the surety has certain rights and interests in the completion of the contract work and application of any undisbursed funds. Therefore, the contracting officer must consider carefully the surety's proposals for completing the contract. The contracting officer must take action on the basis of the Government's interest, including the possible effect upon the Government's rights against the surety.

(c) The contracting officer should permit surety offers to complete the contract, unless the contracting officer believes that the persons or firms proposed by the surety to complete the work are not competent and qualified or the proposal is not in the best interest of the Government.

(d) There may be conflicting demands for the defaulting contractor's assets, including unpaid prior earnings (retained percentages and unpaid progress estimates). Therefore, the surety may include a "takeover" agreement in its proposal, fixing the surety's rights to payment from those funds. The contracting officer may (but not before the effective date of termination) enter into a written agreement with the surety. The contracting officer should consider using a tripartite agreement among the Government, the surety, and the

defaulting contractor to resolve the defaulting contractor's residual rights, including assertions to unpaid prior earnings.

(e) Any takeover agreement must require the surety to complete the contract and the Government to pay the surety's costs and expenses up to the balance of the contract price unpaid at the time of default, subject to the following conditions:

(1) Any unpaid earnings of the defaulting contractor, including retained percentages and progress estimates for work accomplished before termination, must be subject to debts due the Government by the contractor, except to the extent that the unpaid earnings may be used to pay the completing surety its actual costs and expenses incurred in the completion of the work, but not including its payments and obligations under the payment bond given in connection with the contract.

(2) The surety is bound by contract terms governing liquidated damages for delays in completion of the work, unless the delays are excusable under the contract.

(3) If the contract proceeds have been assigned to a financing institution, the surety must not be paid from unpaid earnings, unless the assignee provides written consent.

(4) The contracting officer must not pay the surety more than the amount it expended completing the work and discharging its liabilities under the defaulting contractor's payment bond. Payments to the surety to reimburse it for discharging its liabilities under the payment bond of the defaulting contractor must be only on authority of—

(i) Mutual agreement among the Government, the defaulting contractor, and the surety;

(ii) Determination of the Comptroller General as to payee and amount; or

(iii) Order of a court of competent jurisdiction.

#### **49.405 Completion by another contractor.**

If the surety does not arrange for completion of the contract, the contracting officer normally will arrange for completion of the work by awarding a new contract based on the same plans and specifications. The new contract may be the result of sealed bidding or any other appropriate contracting method or procedure. The contracting officer shall exercise reasonable diligence to obtain the lowest price available for completion.

#### **49.406 Liquidation of liability.**

(1) The contract provides that the contractor and the surety are liable to the Government for resultant damages. The contracting officer shall use all retained percentages of progress payments previously made to the contractor and any progress payments due for work completed before the termination to liquidate the contractor's and the surety's liability to the Government. If the retained and unpaid amounts are insufficient, the contracting officer shall take steps to recover the additional sum from the contractor and the surety.

(D) Employees whose time has been included in any invoice for the purpose of verifying that these employees have worked the hours shown on the invoices.

(iii) For material and subcontract costs that are reimbursed on the basis of actual cost—

(A) Any invoices or subcontract agreements substantiating material costs; and

(B) Any documents supporting payment of those invoices.

(5) *Overpayments/Underpayments.* Each payment previously made shall be subject to reduction to the extent of amounts, on preceding invoices, that are found by the Contracting Officer not to have been properly payable and shall also be subject to reduction for overpayments or to increase for underpayments. The Contractor shall promptly pay any such reduction within 30 days unless the parties agree otherwise. The Government within 30 days will pay any such increases, unless the parties agree otherwise. The Contractor's payment will be made by check. If the Contractor becomes aware of a duplicate invoice payment or that the Government has otherwise overpaid on an invoice payment, the Contractor shall—

(i) Remit the overpayment amount to the payment office cited in the contract along with a description of the overpayment including the—

(A) Circumstances of the overpayment (*e.g.*, duplicate payment, erroneous payment, liquidation errors, date(s) of overpayment);

(B) Affected contract number and delivery order number, if applicable;

(C) Affected contract line item or subline item, if applicable; and

(D) Contractor point of contact.

(ii) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(6)(i) All amounts that become payable by the Contractor to the Government under this contract shall bear simple interest from the date due until paid unless paid within 30 days of becoming due. The interest rate shall be the interest rate established by the Secretary of the Treasury, as provided in section 611 of the Contract Disputes Act of 1978 (Public Law 95-563), which is applicable to the period in which the amount becomes due, and then at the rate applicable for each six month period as established by the Secretary until the amount is paid.

(ii) The Government may issue a demand for payment to the Contractor upon finding a debt is due under the contract.

(iii) *Final Decisions.* The Contracting Officer will issue a final decision as required by [33.211](#) if—

(A) The Contracting Officer and the Contractor are unable to reach agreement on the existence or amount of a debt in a timely manner;

(B) The Contractor fails to liquidate a debt previously demanded by the Contracting Officer within the timeline specified in the demand for payment unless the amounts were not repaid because the Contractor has requested an installment payment agreement; or

(C) The Contractor requests a deferment of collection on a debt previously demanded by the Contracting Officer (see FAR [32.607-2](#)).

(iv) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision shall identify the same due date as the original demand for payment.

(v) Amounts shall be due at the earliest of the following dates:

(A) The date fixed under this contract.

(B) The date of the first written demand for payment, including any demand for payment resulting from a default termination.

(vi) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date and ending on—

(A) The date on which the designated office receives payment from the Contractor;

(B) The date of issuance of a Government check to the Contractor from which an amount otherwise payable has been withheld as a credit against the contract debt; or

(C) The date on which an amount withheld and applied to the contract debt would otherwise have become payable to the Contractor.

(vii) The interest charge made under this clause may be reduced under the procedures prescribed in [32.608-2](#) of the Federal Acquisition Regulation in effect on the date of this contract.

(viii) Upon receipt and approval of the invoice designated by the Contractor as the “completion invoice” and supporting documentation, and upon compliance by the Contractor with all terms of this contract, any outstanding balances will be paid within 30 days unless the parties agree otherwise. The completion invoice, and supporting documentation, shall be submitted by the Contractor as promptly as practicable following completion of the work under this contract, but in no event later than 1 year (or such longer period as the Contracting Officer may approve in writing) from the date of completion.

(7) *Release of claims.* The Contractor, and each assignee under an assignment entered into under this contract and in effect at the time of final payment under this contract, shall execute and deliver, at the time of and as a condition precedent to final payment under this contract, a release discharging the Government, its officers, agents, and employees of and from all liabilities, obligations, and claims arising out of or under this contract, subject only to the following exceptions.

(i) Specified claims in stated amounts, or in estimated amounts if the amounts are not susceptible to exact statement by the Contractor.

(ii) Claims, together with reasonable incidental expenses, based upon the liabilities of the Contractor to third parties arising out of performing this contract, that are not known to the Contractor on the date of the execution of the release, and of which the Contractor gives notice in writing to the Contracting Officer not more than 6 years after the date of the release or the date of any notice to the Contractor that the

Government is prepared to make final payment, whichever is earlier.

(iii) Claims for reimbursement of costs (other than expenses of the Contractor by reason of its indemnification of the Government against patent liability), including reasonable incidental expenses, incurred by the Contractor under the terms of this contract relating to patents.

(8) *Prompt payment.* The Government will make payment in accordance with the Prompt Payment Act ([31 U.S.C. 3903](#)) and prompt payment regulations at 5 CFR part 1315.

(9) *Electronic Funds Transfer (EFT).* If the Government makes payment by EFT, see [52.212-5\(b\)](#) for the appropriate EFT clause.

(10) *Discount.* In connection with any discount offered for early payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date that appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

(l) *Termination for the Government's convenience.* The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid an amount for direct labor hours (as defined in the Schedule of the contract) determined by multiplying the number of direct labor hours expended before the effective date of termination by the hourly rate(s) in the contract, less any hourly rate payments already made to the Contractor plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system that have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred that reasonably could have been avoided.

(m) *Termination for cause.* The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

**52.212-5 Contract Terms and Conditions Required to Implement Statutes or Executive Orders—Commercial Items.**

As prescribed in [12.301\(b\)\(4\)](#), insert the following clause:

**CONTRACT TERMS AND CONDITIONS REQUIRED TO IMPLEMENT STATUTES OR EXECUTIVE ORDERS—COMMERCIAL ITEMS (SEPT 2013)**

(a) The Contractor shall comply with the following Federal Acquisition Regulation (FAR) clauses, which are incorporated in this contract by reference, to implement provisions of law or Executive orders applicable to acquisitions of commercial items:

(d) *Comptroller General Examination of Record*. The Contractor shall comply with the provisions of this paragraph (d) if this contract was awarded using other than sealed bid, is in excess of the simplified acquisition threshold, and does not contain the clause at [52.215-2](#), Audit and Records—Negotiation.

(1) The Comptroller General of the United States, or an authorized representative of the Comptroller General, shall have access to and right to examine any of the Contractor's directly pertinent records involving transactions related to this contract.

(2) The Contractor shall make available at its offices at all reasonable times the records, materials, and other evidence for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in FAR [Subpart 4.7](#), Contractor Records Retention, of the other clauses of this contract. If this contract is completely or partially terminated, the records relating to the work terminated shall be made available for 3 years after any resulting final termination settlement. Records relating to appeals under the disputes clause or to litigation or the settlement of claims arising under or relating to this contract shall be made available until such appeals, litigation, or claims are finally resolved.

(3) As used in this clause, records include books, documents, accounting procedures and practices, and other data, regardless of type and regardless of form. This does not require the Contractor to create or maintain any record that the Contractor does not maintain in the ordinary course of business or pursuant to a provision of law.

(e)(1) Notwithstanding the requirements of the clauses in paragraphs (a), (b), (c), and (d) of this clause, the Contractor is not required to flow down any FAR clause, other than those in this paragraph (e)(1) in a subcontract for commercial items. Unless otherwise indicated below, the extent of the flow down shall be as required by the clause—

(i) [52.203-13](#), Contractor Code of Business Ethics and Conduct (APR 2010) (Pub. L. 110-252, Title VI, Chapter 1 ([41 U.S.C. 251 note](#))).

(ii) [52.219-8](#), Utilization of Small Business Concerns (JUL 2013) ([15 U.S.C. 637\(d\)\(2\)](#) and (3)), in all subcontracts that offer further subcontracting opportunities. If the subcontract (except subcontracts to small business concerns) exceeds \$650,000 (\$1.5 million for construction of any public facility), the subcontractor must include [52.219-8](#) in lower tier subcontracts that offer subcontracting opportunities.

(iii) [52.222-17](#), Nondisplacement of Qualified Workers (JAN 2013) (E.O. 13495). Flow down required in accordance with paragraph (l) of FAR clause [52.222-17](#).

(iv) [52.222-26](#), Equal Opportunity (MAR 2007) (E.O. 11246).

(v) [52.222-35](#), Equal Opportunity for Veterans (SEP 2010) ([38 U.S.C. 4212](#)).

**52.223-1 Biobased Product Certification.**

As prescribed in [23.406\(a\)](#), insert the following provision:

BIOBASED PRODUCT CERTIFICATION (MAY 2012)

As required by the Farm Security and Rural Investment Act of 2002 and the Energy Policy Act of 2005 ([7 U.S.C. 8102\(c\)\(3\)](#)), the offeror certifies, by signing this offer, that biobased products (within categories of products listed by the United States Department of Agriculture in 7 CFR part 3201, subpart B) to be used or delivered in the performance of the contract, other than biobased products that are not purchased by the offeror as a direct result of this contract, will comply with the applicable specifications or other contractual requirements.

(End of provision)

**52.223-2 Affirmative Procurement of Biobased Products Under Service and Construction Contracts.**

As prescribed in [23.406\(b\)](#), insert the following clause:

AFFIRMATIVE PROCUREMENT OF BIOBASED PRODUCTS  
UNDER SERVICE AND CONSTRUCTION CONTRACTS  
(SEPT 2013)

(a) In the performance of this contract, the contractor shall make maximum use of biobased products that are United States Department of Agriculture (USDA)-designated items unless—

- (1) The product cannot be acquired—
  - (i) Competitively within a time frame providing for compliance with the contract performance schedule;
  - (ii) Meeting contract performance requirements; or
  - (iii) At a reasonable price.
- (2) The product is to be used in an application covered by a USDA categorical exemption (see 7 CFR 3201.3(e)). For example, all USDA-designated items are exempt from the preferred procurement requirement for the following:
  - (i) Spacecraft system and launch support equipment.
  - (ii) Military equipment, *i.e.*, a product or system designed or procured for combat or combat-related missions.

(b) Information about this requirement and these products is available at <http://www.biopreferred.gov>.

(c) In the performance of this contract, the Contractor shall—

(1) Report to <http://www.sam.gov>, with a copy to the Contracting Officer, on the product types and dollar value of any USDA-designated biobased products purchased by the Contractor during the previous Government fiscal year, between October 1 and September 30; and

- (2) Submit this report no later than—
  - (i) October 31 of each year during contract performance; and

(ii) At the end of contract performance.

(End of clause)

**52.223-3 Hazardous Material Identification and Material Safety Data.**

As prescribed in [23.303](#), insert the following clause:

HAZARDOUS MATERIAL IDENTIFICATION AND MATERIAL  
SAFETY DATA (JAN 1997)

(a) “Hazardous material,” as used in this clause, includes any material defined as hazardous under the latest version of Federal Standard No. 313 (including revisions adopted during the term of the contract).

(b) The offeror must list any hazardous material, as defined in paragraph (a) of this clause, to be delivered under this contract. The hazardous material shall be properly identified and include any applicable identification number, such as National Stock Number or Special Item Number. This information shall also be included on the Material Safety Data Sheet submitted under this contract.

Material <i>(If none, insert “None”)</i>	Identification No.

(c) This list must be updated during performance of the contract whenever the Contractor determines that any other material to be delivered under this contract is hazardous.

(d) The apparently successful offeror agrees to submit, for each item as required prior to award, a Material Safety Data Sheet, meeting the requirements of 29 CFR 1910.1200(g) and the latest version of Federal Standard No. 313, for all hazardous material identified in paragraph (b) of this clause. Data shall be submitted in accordance with Federal Standard No. 313, whether or not the apparently successful offeror is the actual manufacturer of these items. Failure to submit the Material Safety Data Sheet prior to award may result in the apparently successful offeror being considered nonresponsible and ineligible for award.

(e) If, after award, there is a change in the composition of the item(s) or a revision to Federal Standard No. 313, which renders incomplete or inaccurate the data submitted under paragraph (d) of this clause, the Contractor shall promptly notify the Contracting Officer and resubmit the data.

(f) Neither the requirements of this clause nor any act or failure to act by the Government shall relieve the Contractor of any responsibility or liability for the safety of Government, Contractor, or subcontractor personnel or property.

(g) Nothing contained in this clause shall relieve the Contractor from complying with applicable Federal, State, and local laws, codes, ordinances, and regulations (including the

obtaining of licenses and permits) in connection with hazardous material.

(h) The Government's rights in data furnished under this contract with respect to hazardous material are as follows:

(1) To use, duplicate and disclose any data to which this clause is applicable. The purposes of this right are to—

(i) Apprise personnel of the hazards to which they may be exposed in using, handling, packaging, transporting, or disposing of hazardous materials;

(ii) Obtain medical treatment for those affected by the material; and

(iii) Have others use, duplicate, and disclose the data for the Government for these purposes.

(2) To use, duplicate, and disclose data furnished under this clause, in accordance with paragraph (h)(1) of this clause, in precedence over any other clause of this contract providing for rights in data.

(3) The Government is not precluded from using similar or identical data acquired from other sources.

(End of clause)

*Alternate I (July 1995).* If the contract is awarded by an agency other than the Department of Defense, add the following paragraph (i) to the basic clause:

(i) Except as provided in paragraph (i)(2), the Contractor shall prepare and submit a sufficient number of Material Safety Data Sheets (MSDS's), meeting the requirements of 29 CFR 1910.1200(g) and the latest version of Federal Standard No. 313, for all hazardous materials identified in paragraph (b) of this clause.

(1) For items shipped to consignees, the Contractor shall include a copy of the MSDS's with the packing list or other suitable shipping document which accompanies each shipment. Alternatively, the Contractor is permitted to transmit MSDS's to consignees in advance of receipt of shipments by consignees, if authorized in writing by the Contracting Officer.

(2) For items shipped to consignees identified by mailing address as agency depots, distribution centers or customer supply centers, the Contractor shall provide one copy of the MSDS's in or on each shipping container. If affixed to the outside of each container, the MSDS's must be placed in a weather resistant envelope.

#### 52.223-4 Recovered Material Certification.

As prescribed in [23.406](#)(c), insert the following provision:

RECOVERED MATERIAL CERTIFICATION (MAY 2008)

As required by the Resource Conservation and Recovery Act of 1976 ([42 U.S.C. 6962\(c\)\(3\)\(A\)\(i\)](#)), the offeror certifies, by signing this offer, that the percentage of recovered materials content for EPA-designated items to be delivered or used in the performance of the contract will be at least the

amount required by the applicable contract specifications or other contractual requirements.

(End of provision)

#### 52.223-5 Pollution Prevention and Right-to-Know Information.

As prescribed in [23.1005](#), insert the following clause:

POLLUTION PREVENTION AND RIGHT-TO-KNOW  
INFORMATION (MAY 2011)

(a) *Definitions.* As used in this clause—

“Toxic chemical” means a chemical or chemical category listed in 40 CFR 372.65.

(b) Federal facilities are required to comply with the provisions of the Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA) ([42 U.S.C. 11001-11050](#)), and the Pollution Prevention Act of 1990 (PPA) ([42 U.S.C. 13101-13109](#)).

(c) The Contractor shall provide all information needed by the Federal facility to comply with the following:

(1) The emergency planning reporting requirements of Section 302 of EPCRA.

(2) The emergency notice requirements of Section 304 of EPCRA.

(3) The list of Material Safety Data Sheets, required by Section 311 of EPCRA.

(4) The emergency and hazardous chemical inventory forms of Section 312 of EPCRA.

(5) The toxic chemical release inventory of Section 313 of EPCRA, which includes the reduction and recycling information required by Section 6607 of PPA.

(6) The toxic chemical and hazardous substance release and use reduction goals of section 2(e) of Executive Order 13423 and of Executive Order 13514.

(End of clause)

*Alternate I (May 2011).* As prescribed in [23.1005](#)(b), add the following paragraph (c)(7) to the basic clause:

(c)(7) The environmental management system as described in section 3(b) of E.O. 13423 and 2(j) of E.O. 13514.

*Alternate II (May 2011).* As prescribed in [23.1005](#)(c), add the following paragraph (c)(7) to the basic clause. If Alternate I is also prescribed, renumber paragraph (c)(7) as paragraph (c)(8).

(c)(7) The facility compliance audits as described in section 3(c) of E.O. 13423.

#### 52.223-6 Drug-Free Workplace.

As prescribed in [23.505](#), insert the following clause:

DRUG-FREE WORKPLACE (MAY 2001)

**52.225-4 Buy American Act—Free Trade Agreements—Israeli Trade Act Certificate.**

As prescribed in [25.1101\(b\)\(2\)\(i\)](#), insert the following provision:

**BUY AMERICAN ACT—FREE TRADE AGREEMENTS—ISRAELI TRADE ACT CERTIFICATE (NOV 2012)**

(a) The offeror certifies that each end product, except those listed in paragraph (b) or (c) of this provision, is a domestic end product and that for other than COTS items, the offeror has considered components of unknown origin to have been mined, produced, or manufactured outside the United States. The terms “Bahrainian, Moroccan, Omani, Panamanian, or Peruvian end product,” “commercially available off-the-shelf (COTS) item,” “component,” “domestic end product,” “end product,” “foreign end product,” “Free Trade Agreement country,” “Free Trade Agreement country end product,” “Israeli end product,” and “United States” are defined in the clause of this solicitation entitled “Buy American Act—Free Trade Agreements—Israeli Trade Act.”

(b) The offeror certifies that the following supplies are Free Trade Agreement country end products (other than Bahrainian, Moroccan, Omani, Panamanian, or Peruvian end products) or Israeli end products as defined in the clause of this solicitation entitled “Buy American Act—Free Trade Agreements—Israeli Trade Act”:

**52.225-5 Trade Agreements.**

As prescribed in [25.1101\(c\)\(1\)](#), insert the following clause:

TRADE AGREEMENTS (SEPT 2013)

(a) *Definitions.* As used in this clause—  
“Caribbean Basin country end product”—

(1) Means an article that—

(i)(A) Is wholly the growth, product, or manufacture of a Caribbean Basin country; or

(B) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a Caribbean Basin country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed; and

(ii) Is not excluded from duty-free treatment for Caribbean countries under [19 U.S.C. 2703\(b\)](#).

(A) For this reason, the following articles are not Caribbean Basin country end products:

(1) Tuna, prepared or preserved in any manner in airtight containers;

(2) Petroleum, or any product derived from petroleum;

(3) Watches and watch parts (including cases, bracelets, and straps) of whatever type including, but not limited to, mechanical, quartz digital, or quartz analog, if such watches or watch parts contain any material that is the product of any country to which the Harmonized Tariff Schedule of the United States (HTSUS) column 2 rates of duty apply (*i.e.*, Afghanistan, Cuba, Laos, North Korea, and Vietnam); and

(4) Certain of the following: textiles and apparel articles; footwear, handbags, luggage, flat goods, work gloves, and leather wearing apparel; or handloomed, handmade, and folklore articles;

(B) Access to the HTSUS to determine duty-free status of articles of these types is available at <http://www.usitc.gov/tata/hts/>. In particular, see the following:

(1) General Note 3(c), Products Eligible for Special Tariff treatment.

(2) General Note 17, Products of Countries Designated as Beneficiary Countries under the United States-Caribbean Basin Trade Partnership Act of 2000.

(3) Section XXII, Chapter 98, Subchapter II, Articles Exported and Returned, Advanced or Improved Abroad, U.S. Note 7(b).

(4) Section XXII, Chapter 98, Subchapter XX, Goods Eligible for Special Tariff Benefits under the United States-Caribbean Basin Trade Partnership Act; and

(2) Refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the acquisition, includes services (except transportation services) incidental to the article, provided that the value of those incidental services does not exceed that of the article itself.

“Designated country” means any of the following countries:

(1) A World Trade Organization Government Procurement Agreement country (Armenia, Aruba, Austria, Belgium, Bulgaria, Canada, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan (known in the World Trade Organization as “the Separate Customs Territory of Taiwan, Penghu, Kinmen and Matsu (Chinese Taipei)”), or United Kingdom);

(2) A Free Trade Agreement country (Australia, Bahrain, Canada, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Oman, Panama, Peru, or Singapore);

(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Tanzania, Timor-Leste, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

“Designated country end product” means a WTO GPA country end product, an FTA country end product, a least developed country end product, or a Caribbean Basin country end product.

“End product” means those articles, materials, and supplies to be acquired under the contract for public use.

“Free Trade Agreement country end product” means an article that—

tion and applicable supporting data required by paragraphs (c) and (d) of the clause at FAR [52.225-9](#) in the request. If an offeror has not requested a determination regarding the inapplicability of the Buy American Act before submitting its offer, or has not received a response to a previous request, the offeror shall include the information and supporting data in the offer.

(c) *Evaluation of offers.* (1) The Government will evaluate an offer requesting exception to the requirements of the Buy American Act, based on claimed unreasonable cost of domestic construction material, by adding to the offered price the appropriate percentage of the cost of such foreign construction material, as specified in paragraph (b)(3)(i) of the clause at FAR [52.225-9](#).

(2) If evaluation results in a tie between an offeror that requested the substitution of foreign construction material based on unreasonable cost and an offeror that did not request an exception, the Contracting Officer will award to the offeror that did not request an exception based on unreasonable cost.

(d) *Alternate offers.* (1) When an offer includes foreign construction material not listed by the Government in this solicitation in paragraph (b)(2) of the clause at FAR [52.225-9](#), the offeror also may submit an alternate offer based on use of equivalent domestic construction material.

(2) If an alternate offer is submitted, the offeror shall submit a separate [Standard Form 1442](#) for the alternate offer, and a separate price comparison table prepared in accordance with paragraphs (c) and (d) of the clause at FAR [52.225-9](#) for the offer that is based on the use of any foreign construction material for which the Government has not yet determined an exception applies.

(3) If the Government determines that a particular exception requested in accordance with paragraph (c) of the clause at FAR [52.225-9](#) does not apply, the Government will evaluate only those offers based on use of the equivalent domestic construction material, and the offeror shall be required to furnish such domestic construction material. An offer based on use of the foreign construction material for which an exception was requested—

- (i) Will be rejected as nonresponsive if this acquisition is conducted by sealed bidding; or
- (ii) May be accepted if revised during negotiations.

(End of provision)

*Alternate I (May 2002).* As prescribed in [25.1102\(b\)\(2\)](#), substitute the following paragraph (b) for paragraph (b) of the basic provision:

(b) *Requests for determinations of inapplicability.* An offeror requesting a determination regarding the inapplicability of the Buy American Act shall submit the request with its offer, including the information and applicable supporting data required by paragraphs (c) and (d) of the clause at FAR [52.225-9](#).

### 52.225-11 Buy American Act—Construction Materials under Trade Agreements.

As prescribed in [25.1102\(c\)](#), insert the following clause:

#### BUY AMERICAN ACT—CONSTRUCTION MATERIALS UNDER TRADE AGREEMENTS (SEPT 2013)

(a) *Definitions.* As used in this clause—

“Caribbean Basin country construction material” means a construction material that—

(1) Is wholly the growth, product, or manufacture of a Caribbean Basin country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Caribbean Basin country into a new and different construction material distinct from the materials from which it was transformed.

“Commercially available off-the-shelf (COTS) item”—

(1) Means any item of supply (including construction material) that is—

(i) A commercial item (as defined in paragraph (1) of the definition at FAR [2.101](#));

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in section 3 of the Shipping Act of 1984 ([46 U.S.C. App. 1702](#)), such as agricultural products and petroleum products.

“Component” means an article, material, or supply incorporated directly into a construction material.

“Construction material” means an article, material, or supply brought to the construction site by the Contractor or subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

“Cost of components” means—

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the construction material (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of

this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

“Designated country” means any of the following countries:

(1) A World Trade Organization Government Procurement Agreement country (Armenia, Aruba, Austria, Belgium, Bulgaria, Canada, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan, or United Kingdom);

(2) A Free Trade Agreement country (Australia, Bahrain, Canada, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Oman, Panama, Peru, or Singapore);

(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Tanzania, Timor-Leste, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

“Designated country construction material” means a construction material that is a WTO GPA country construction material, an FTA country construction material, a least developed country construction material, or a Caribbean Basin country construction material.

“Domestic construction material” means—

(1) An unmanufactured construction material mined or produced in the United States;

(2) A construction material manufactured in the United States, if—

(i) The cost of its components mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic; or

(ii) The construction material is a COTS item.

“Foreign construction material” means a construction material other than a domestic construction material.

“Free Trade Agreement country construction material” means a construction material that—

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement (FTA) country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a FTA country into a new and different construction material distinct from the materials from which it was transformed.

“Least developed country construction material” means a construction material that—

(1) Is wholly the growth, product, or manufacture of a least developed country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a least developed country into a new and different construction material distinct from the materials from which it was transformed.

“United States” means the 50 States, the District of Columbia, and outlying areas.

“WTO GPA country construction material” means a construction material that—

(1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different construction material distinct from the materials from which it was transformed.

(b) *Construction materials.* (1) This clause implements the Buy American Act ([41 U.S.C. chapter 83](#)) by providing a preference for domestic construction material. In accordance with [41 U.S.C. 1907](#), the component test of the Buy American Act is waived for construction material that is a COTS item (See FAR [12.505\(a\)\(2\)](#)). In addition, the Contracting Officer has determined that the WTO GPA and Free Trade Agreements (FTAs) apply to this acquisition. Therefore, the Buy American Act restrictions are waived for designated county construction materials.

(2) The Contractor shall use only domestic or designated country construction material in performing this contract, except as provided in paragraphs (b)(3) and (b)(4) of this clause.

(3) The requirement in paragraph (b)(2) of this clause does not apply to information technology that is a commercial item or to the construction materials or components listed by the Government as follows:

[*Contracting Officer to list applicable excepted materials or indicate “none”*]

(4) The Contracting Officer may add other foreign construction material to the list in paragraph (b)(3) of this clause if the Government determines that—

(2) If an alternate offer is submitted, the offeror shall submit a separate Standard Form 1442 for the alternate offer and a separate cost comparison table prepared in accordance with paragraphs (c) and (d) of the clause at FAR [52.225-21](#) for the offer that is based on the use of any foreign construction material for which the Government has not yet determined an exception applies.

(3) If the Government determines that a particular exception requested in accordance with paragraph (c) of the clause at FAR [52.225-21](#) does not apply, the Government will evaluate only those offers based on use of the equivalent domestic construction material, and the offeror shall be required to furnish such domestic construction material. An offer based on use of the foreign construction material for which an exception was requested—

- (i) Will be rejected as nonresponsive if this acquisition is conducted by sealed bidding; or
- (ii) May be accepted if revised during negotiations.

(End of provision)

*Alternate I (Mar 2009).* As prescribed in [25.1102\(e\)](#), substitute the following paragraph (b) for paragraph (b) of the basic provision:

(b) *Requests for determinations of inapplicability.* An offeror requesting a determination regarding the inapplicability of section 1605 of the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5) (Recovery Act) or the Buy American Act shall submit the request with its offer, including the information and applicable supporting data required by paragraphs (c) and (d) of the clause at FAR [52.225-21](#).

**52.225-23 Required Use of American Iron, Steel, and Manufactured Goods—Buy American Act—Construction Materials Under Trade Agreements.**

As prescribed in [25.1102\(e\)](#), insert the following clause:

REQUIRED USE OF AMERICAN IRON, STEEL, AND  
MANUFACTURED GOODS—BUY AMERICAN ACT—  
CONSTRUCTION MATERIALS UNDER TRADE  
AGREEMENTS (SEPT 2013)

(a) *Definitions.* As used in this clause—

“Component” means an article, material, or supply incorporated directly into a construction material.

“Construction material” means an article, material, or supply brought to the construction site by the Contractor or subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual

parts or components of those systems are delivered to the construction site.

“Designated country” means any of the following countries:

(1) A World Trade Organization Government Procurement Agreement (WTO GPA) country (Armenia, Aruba, Austria, Belgium, Bulgaria, Canada, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan, or United Kingdom);

(2) A Free Trade Agreement (FTA) country (Australia, Bahrain, Canada, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Oman, Panama, Peru, or Singapore);

(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Tanzania, Timor-Leste, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

“Designated country construction material” means a construction material that is a WTO GPA country construction material, an FTA country construction material, a least developed country construction material, or a Caribbean Basin country construction material.

“Domestic construction material” means the following:

(1) An unmanufactured construction material mined or produced in the United States. (The Buy American Act applies.)

(2) A manufactured construction material that is manufactured in the United States and, if the construction material consists wholly or predominantly of iron or steel, the iron or steel was produced in the United States. (Section 1605 of the Recovery Act applies.)

“Foreign construction material” means a construction material other than a domestic construction material.

“Free trade agreement (FTA) country construction material” means a construction material that—

(1) Is wholly the growth, product, or manufacture of an FTA country; or

(b) *Construction materials.*(1) The restrictions of section 1605 of the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5) (Recovery Act) do not apply to Recovery Act designated country manufactured construction material. The restrictions of the Buy American Act do not apply to designated country unmanufactured construction material. Consistent with U.S. obligations under international agreements, this clause implements—

(i) Section 1605 of the Recovery Act by requiring, unless an exception applies, that all manufactured construction material in the project is manufactured in the United States and, if the construction material consists wholly or predominantly of iron or steel, the iron or steel was produced in the United States (produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, except metallurgical processes involving refinement of steel additives); and

(ii) The Buy American Act by providing a preference for unmanufactured construction material mined or produced in the United States over unmanufactured construction material mined or produced in a nondesignated country.

(2) The Contractor shall use only domestic construction material, Recovery Act designated country manufactured construction material, or designated country unmanufactured construction material in performing this contract, except as provided in paragraphs (b)(3) and (b)(4) of this clause.

(3) The requirement in paragraph (b)(2) of this clause does not apply to the construction materials or components listed by the Government as follows:

[*Contracting Officer to list applicable excepted materials or indicate “none”.*]

(4) The Contracting Officer may add other construction material to the list in paragraph (b)(3) of this clause if the Government determines that—

(i) The cost of domestic construction material would be unreasonable;
