### Subpart 22.15—Prohibition of Acquisition of Products Produced by Forced or Indentured Child Labor

#### 22.1500 Scope.

This subpart applies to acquisitions of supplies that exceed the micro-purchase threshold.

#### 22.1501 Definitions.

As used in this subpart—

“Forced or indentured child labor” means all work or service—

(1) Exacted from any person under the age of 18 under the menace of any penalty for its nonperformance and for which the worker does not offer himself voluntarily; or

(2) Performed by any person under the age of 18 pursuant to a contract the enforcement of which can be accomplished by process or penalties.

“List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor” means the list published by the Department of Labor in accordance with E.O. 13126 of June 12, 1999, Prohibition of Acquisition of Products Produced by Forced or Indentured Child Labor. The list identifies products, by their country of origin, that the Departments of Labor, Treasury, and State have a reasonable basis to believe might have been mined, produced, or manufactured by forced or indentured child labor.

#### 22.1502 Policy.

Agencies must take appropriate action to enforce the laws prohibiting the manufacture or importation of products that have been mined, produced, or manufactured wholly or in part by forced or indentured child labor, consistent with [19 U.S.C. 1307](#), [29 U.S.C. 201](#), *et seq.*, and [41 U.S.C. chapter 65](#). Agencies should make every effort to avoid acquiring such products.

#### 22.1503 Procedures for acquiring end products on the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor.

(a) When issuing a solicitation for supplies expected to exceed the micro-purchase threshold, the contracting officer must check the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor (the List) ([www.dol.gov/ilab/](http://www.dol.gov/ilab/)) (see [22.1505\(a\)](#)). Appearance of a product on the List is not a bar to purchase of any such product mined, produced, or manufactured in the identified country, but rather is an alert that there is a reasonable basis to believe that such product may have been mined, produced, or manufactured by forced or indentured child labor.

(b) The requirements of this subpart that result from the appearance of any end product on the List do not apply to a

solicitation or contract if the identified country of origin on the List is—

(1) Canada, and the anticipated value of the acquisition is \$25,000 or more ([subpart 25.4](#));

(2) Israel, and the anticipated value of the acquisition is \$50,000 or more (see [25.406](#));

(3) Mexico, and the anticipated value of the acquisition is \$80,317 or more (see [subpart 25.4](#)); or

(4) Armenia, Aruba, Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Italy, Japan, Korea, Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, New Zealand, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan, Ukraine, or the United Kingdom and the anticipated value of the acquisition is \$180,000 or more (see [25.402\(b\)](#)).

(c) Except as provided in paragraph (b) of this section, before the contracting officer may make an award for an end product (regardless of country of origin) of a type identified by country of origin on the List the offeror must certify that—

(1) It will not supply any end product on the List that was mined, produced, or manufactured in a country identified on the List for that product, as specified in the solicitation by the contracting officer in the Certification Regarding Knowledge of Child Labor for Listed End Products; or

(2)(i) It has made a good faith effort to determine whether forced or indentured child labor was used to mine, produce, or manufacture any end product to be furnished under the contract that is on the List and was mined, produced, or manufactured in a country identified on the List for that product; and

(ii) On the basis of those efforts, the offeror is unaware of any such use of child labor.

(d) Absent any actual knowledge that the certification is false, the contracting officer must rely on the offerors' certifications in making award decisions.

(e) Whenever a contracting officer has reason to believe that forced or indentured child labor was used to mine, produce, or manufacture an end product furnished pursuant to a contract awarded subject to the certification required in paragraph (c) of this section, the contracting officer must refer the matter for investigation by the agency's Inspector General, the Attorney General, or the Secretary of the Treasury, whichever is determined appropriate in accordance with agency procedures, except to the extent that the end product is from the country listed in paragraph (b) of this section, under a contract exceeding the applicable threshold.

(f) Proper certification will not prevent the head of an agency from imposing remedies in accordance with section [22.1504\(a\)\(4\)](#) if it is later discovered that the contractor has furnished an end product or component that has in fact

been mined, produced, or manufactured, wholly or in part, using forced or indentured child labor.

#### **22.1504 Violations and remedies.**

(a) *Violations.* The Government may impose remedies set forth in paragraph (b) of this section for the following violations (note that the violations in paragraphs (a)(3) and (a)(4) of this section go beyond violations of the requirements relating to certification of end products) (see [22.1503](#)):

(1) The contractor has submitted a false certification regarding knowledge of the use of forced or indentured child labor.

(2) The contractor has failed to cooperate as required in accordance with the clause at [52.222-19](#), Child Labor Cooperation with Authorities and Remedies, with an investigation of the use of forced or indentured child labor by an Inspector General, the Attorney General, or the Secretary of the Treasury.

(3) The contractor uses forced or indentured child labor in its mining, production, or manufacturing processes.

(4) The contractor has furnished an end product or component mined, produced, or manufactured, wholly or in part, by forced or indentured child labor. Remedies in paragraphs (b)(2) and (b)(3) of this section are inappropriate unless the contractor knew of the violation.

(b) *Remedies.* (1) The contracting officer may terminate the contract.

(2) The suspending official may suspend the contractor in accordance with the procedures in [subpart 9.4](#).

(3) The debarring official may debar the contractor for a period not to exceed 3 years in accordance with the procedures in [subpart 9.4](#).

#### **22.1505 Solicitation provision and contract clause.**

(a) Except as provided in paragraph (b) of [22.1503](#), insert the provision at [52.222-18](#), Certification Regarding Knowledge of Child Labor for Listed End Products, in all solicitations that are expected to exceed the micro-purchase threshold and are for the acquisition of end products (regardless of country of origin) of a type identified by country of origin on the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, except solicitations for commercial items that include the provision at [52.212-3](#), Offeror Representations and Certifications—Commercial Items. The contracting officer must identify in paragraph (b) of the provision at [52.222-18](#), Certification Regarding Knowledge of Child Labor for Listed End Products, or paragraph (i)(1) of the provision at [52.212-3](#), any applicable end products and countries of origin from the List. For solicitations estimated to equal or exceed \$25,000, the contracting officer must exclude from the List in the solicitation end products from any countries identified at [22.1503](#)(b), in accordance with the specified thresholds.

(b) Insert the clause at [52.222-19](#), Child Labor—Cooperation with Authorities and Remedies, in all solicitations and contracts for the acquisition of supplies that are expected to exceed the micro-purchase thresholds.

## Subpart 25.2—Buy American— Construction Materials

### 25.200 Scope of Subpart.

(a) This subpart implements—

- (1) [41 U.S.C. chapter 83](#), Buy American;
- (2) Executive Order 10582, December 17, 1954; and
- (3) Waiver of the component test of the Buy American statute for acquisition of commercially available off-the-shelf (COTS) items in accordance with [41 U.S.C 1907](#).

(b) It applies to contracts for the construction, alteration, or repair of any public building or public work in the United States.

(c) When using funds appropriated or otherwise provided by the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5) (Recovery Act) for construction, see [subpart 25.6](#).

### 25.201 Policy.

Except as provided in [25.202](#), use only domestic construction materials in construction contracts performed in the United States.

### 25.202 Exceptions.

(a) When one of the following exceptions applies, the contracting officer may allow the contractor to acquire foreign construction materials without regard to the restrictions of the Buy American statute:

(1) *Impracticable or inconsistent with public interest.* The head of the agency may determine that application of the restrictions of the Buy American statute to a particular construction material would be impracticable or would be inconsistent with the public interest. The public interest exception applies when an agency has an agreement with a foreign government that provides a blanket exception to the Buy American statute.

(2) *Nonavailability.* The head of the contracting activity may determine that a particular construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality. The determinations of nonavailability of the articles listed at [25.104\(a\)](#) and the procedures at [25.103\(b\)\(1\)](#) also apply if any of those articles are acquired as construction materials.

(3) *Unreasonable cost.* The contracting officer concludes that the cost of domestic construction material is unreasonable in accordance with [25.204](#).

(4) *Information technology that is a commercial item.* The restriction on purchasing foreign construction material does not apply to the acquisition of information technology that is a commercial item, when using Fiscal Year 2004 or subsequent fiscal year funds (Section 535(a) of Division F, Title

V, Consolidated Appropriations Act, 2004, and similar sections in subsequent appropriations acts).

(b) *Determination and findings.* When a determination is made for any of the reasons stated in this section that certain foreign construction materials may be used, the contracting officer must list the excepted materials in the contract. The agency must make the findings justifying the exception available for public inspection.

(c) *Acquisitions under trade agreements.* For construction contracts with an estimated acquisition value of \$6,932,000 or more, see [subpart 25.4](#).

### 25.203 Preaward determinations.

(a) For any acquisition, an offeror may request from the contracting officer a determination concerning the inapplicability of the Buy American statute for specifically identified construction materials. The time for submitting the request is specified in the solicitation in paragraph (b) of either [52.225-10](#) or [52.225-12](#), whichever applies. The information and supporting data that must be included in the request are also specified in the solicitation in paragraphs (c) and (d) of either [52.225-9](#) or [52.225-11](#), whichever applies.

(b) Before award, the contracting officer must evaluate all requests based on the information provided and may supplement this information with other readily available information.

### 25.204 Evaluating offers of foreign construction material.

(a) Offerors proposing to use foreign construction material other than that listed by the Government in the applicable clause at [52.225-9](#), paragraph (b)(2), or [52.225-11](#), paragraph (b)(3), or covered by the WTO GPA or a Free Trade Agreement (paragraph (b)(2) of [52.225-11](#)), must provide the information required by paragraphs (c) and (d) of the respective clauses.

(b) Unless the head of the agency specifies a higher percentage, the contracting officer must add to the offered price 6 percent of the cost of any foreign construction material proposed for exception from the requirements of the Buy American statute based on the unreasonable cost of domestic construction materials. In the case of a tie, the contracting officer must give preference to an offer that does not include foreign construction material excepted at the request of the offeror on the basis of unreasonable cost.

(c) Offerors also may submit alternate offers based on use of equivalent domestic construction material to avoid possible rejection of the entire offer if the Government determines that an exception permitting use of a particular foreign construction material does not apply.

(d) If the contracting officer awards a contract to an offeror that proposed foreign construction material not listed in the applicable clause in the solicitation (paragraph (b)(2) of [52.225-9](#), or paragraph (b)(3) of [52.225-11](#)), the contracting

officer must add the excepted materials to the list in the contract clause.

#### **25.205 Postaward determinations.**

(a) If a contractor requests a determination regarding the inapplicability of the Buy American statute after contract award, the contractor must explain why it could not request the determination before contract award or why the need for such determination otherwise was not reasonably foreseeable. If the contracting officer concludes that the contractor should have made the request before contract award, the contracting officer may deny the request.

(b) The contracting officer must base evaluation of any request for a determination regarding the inapplicability of the Buy American statute made after contract award on information required by paragraphs (c) and (d) of the applicable clause at [52.225-9](#) or [52.225-11](#) and/or other readily available information.

(c) If a determination, under [25.202\(a\)](#), is made after contract award that an exception to the Buy American statute applies, the contracting officer must negotiate adequate consideration and modify the contract to allow use of the foreign construction material. When the basis for the exception is the unreasonable price of a domestic construction material, adequate consideration is at least the differential established in [25.202\(a\)](#) or in accordance with agency procedures.

#### **25.206 Noncompliance.**

The contracting officer must—

- (a) Review allegations of Buy American statute violations;
- (b) Unless fraud is suspected, notify the contractor of the apparent unauthorized use of foreign construction material and request a reply, to include proposed corrective action; and

(c) If the review reveals that a contractor or subcontractor has used foreign construction material without authorization, take appropriate action, including one or more of the following:

(1) Process a determination concerning the inapplicability of the Buy American statute in accordance with [25.205](#).

(2) Consider requiring the removal and replacement of the unauthorized foreign construction material.

(3) If removal and replacement of foreign construction material incorporated in a building or work would be impracticable, cause undue delay, or otherwise be detrimental to the interests of the Government, the contracting officer may determine in writing that the foreign construction material need not be removed and replaced. A determination to retain foreign construction material does not constitute a determination that an exception to the Buy American statute applies, and this should be stated in the determination. Further, a determination to retain foreign construction material does not affect the Government's right to suspend or debar a contractor, subcontractor, or supplier for violation of the Buy American statute, or to exercise other contractual rights and remedies, such as reducing the contract price or terminating the contract for default.

(4) If the noncompliance is sufficiently serious, consider exercising appropriate contractual remedies, such as terminating the contract for default. Also consider preparing and forwarding a report to the agency suspending or debarring official in accordance with [subpart 9.4](#). If the noncompliance appears to be fraudulent, refer the matter to other appropriate agency officials, such as the officer responsible for criminal investigation.

**25.402 General.**

(a)(1) The Trade Agreements Act ([19 U.S.C. 2501](#), *et seq.*) provides the authority for the President to waive the Buy American statute and other discriminatory provisions for eligible products from countries that have signed an international trade agreement with the United States, or that meet certain other criteria, such as being a least developed country. The President has delegated this waiver authority to the U.S. Trade Representative. In acquisitions covered by the WTO GPA, Free Trade Agreements, or the Israeli Trade Act, the U.S. Trade Representative has waived the Buy American statute and other discriminatory provisions for eligible products. Offers of eligible products receive equal consideration with domestic offers.

(2) The contracting officer shall determine the origin of services by the country in which the firm providing the services is established. See [subpart 25.5](#) for evaluation procedures for supply contracts covered by trade agreements.

(b) The value of the acquisition is a determining factor in the applicability of trade agreements. Most of these dollar thresholds are subject to revision by the U.S. Trade Representative approximately every 2 years. The various thresholds are summarized as follows:

Trade Agreement	Supply Contract (equal to or exceeding)	Service Contract (equal to or exceeding)	Construction Contract (equal to or exceeding)
WTO GPA	\$180,000	\$180,000	\$6,932,000
FTAs

**25.403 World Trade Organization Government Procurement Agreement and Free Trade Agreements.**

(a) Eligible products from WTO GPA and FTA countries are entitled to the nondiscriminatory treatment specified in [25.402\(a\)\(1\)](#). The WTO GPA and FTAs specify procurement procedures designed to ensure fairness (see [25.408](#)).

(b) *Thresholds.* (1) To determine whether the acquisition of products by lease, rental, or lease-purchase contract (including lease-to-ownership, or lease-with-option-to purchase) is covered by the WTO GPA or an FTA, calculate the estimated acquisition value as follows:

(i) If a fixed-term contract of 12 months or less is contemplated, use the total estimated value of the acquisition.

(ii) If a fixed-term contract of more than 12 months is contemplated, use the total estimated value of the acquisition plus the estimated residual value of the leased equipment at the conclusion of the contemplated term of the contract.

(iii) If an indefinite-term contract is contemplated, use the estimated monthly payment multiplied by the total number of months that ordering would be possible under the proposed contract, *i.e.*, the initial ordering period plus any optional ordering periods.

(iv) If there is any doubt as to the contemplated term of the contract, use the estimated monthly payment multiplied by 48.

(2) The estimated value includes the value of all options.

(3) If, in any 12-month period, recurring or multiple awards for the same type of product or products are anticipated, use the total estimated value of these projected awards to determine whether the WTO GPA or an FTA applies. Do not divide any acquisition with the intent of reducing the estimated value of the acquisition below the dollar threshold of the WTO GPA or an FTA.

(c) *Purchase restriction.* (1) Under the Trade Agreements Act ([19 U.S.C. 2512](#)), in acquisitions covered by the WTO GPA, acquire only U.S.-made or designated country end products or U.S. or designated country services, unless offers for such end products or services are either not received or are insufficient to fulfill the requirements. This purchase restriction does not apply below the WTO GPA threshold for supplies and services, even if the acquisition is covered by an FTA.

(2) This restriction does not apply to purchases of supplies by the Department of Defense from a country with which it has entered into a reciprocal agreement, as provided in departmental regulations.

**25.404 Least developed countries.**

For acquisitions covered by the WTO GPA, least developed country end products, construction material, and services must be treated as eligible products.

**25.405 Caribbean Basin Trade Initiative.**

Under the Caribbean Basin Trade Initiative, the United States Trade Representative has determined that, for acquisitions covered by the WTO GPA, Caribbean Basin country end products, construction material, and services must be treated as eligible products. In accordance with Section 201 (a)(3) of the Dominican Republic-Central America-United States Free Trade Implementation Act (Pub. L. 109-53) (19 U.S.C. 4031), when the CAFTA-DR agreement enters into force with respect to a country, that country is no longer designated as a beneficiary country for purposes of the Caribbean Basin Economic Recovery Act, and is therefore no longer included in the definition of “Caribbean Basin country” for purposes of the Caribbean Basin Trade Initiative.

**25.406 Israeli Trade Act.**

Acquisitions of supplies by most agencies are covered by the Israeli Trade Act, if the estimated value of the acquisition is \$50,000 or more but does not exceed the WTO GPA threshold for supplies (see [25.402\(b\)](#)). Agencies other than the Department of Defense, the Department of Energy, the Department of Transportation, the Bureau of Reclamation of the Department of the Interior, the Federal Housing Finance Board, and the Office of Thrift Supervision must evaluate offers of Israeli end products without regard to the restrictions of the Buy American statute. The Israeli Trade Act does not prohibit the purchase of other foreign end products.

**25.407 Agreement on Trade in Civil Aircraft.**

Under the authority of Section 303 of the Trade Agreements Act, the U.S. Trade Representative has waived the Buy

American statute for civil aircraft and related articles that meet the substantial transformation test of the Trade Agreements Act, from countries that are parties to the Agreement on Trade in Civil Aircraft. Those countries are Albania, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Egypt, Estonia, Finland, France, Georgia, Germany, Greece, Hungary, Ireland, Italy, Japan, Latvia, Lithuania, Luxembourg, Macao China, Malta, Montenegro, the Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland, Taiwan (Chinese Taipei), and the United Kingdom.

**25.408 Procedures.**

(a) If the WTO GPA or an FTA applies (see [25.401](#)), the contracting officer must—

(1) Comply with the requirements of [5.203](#), Publicizing and response time;

(2) Comply with the requirements of [5.207](#), Preparation and transmittal of synopses;

(3) Not include technical requirements in solicitations solely to preclude the acquisition of eligible products;

(4) Specify in solicitations that offerors must submit offers in the English language and in U.S. dollars (see [52.214-34](#), Submission of Offers in the English Language, and [52.214-35](#), Submission of Offers in U.S. Currency, or paragraph (c)(5) of [52.215-1](#), Instruction to Offerors—Competitive Acquisitions); and

(5) Provide unsuccessful offerors from WTO GPA or FTA countries notice in accordance with [14.409-1](#) or [15.503](#).

(b) See [subpart 25.5](#) for evaluation procedures and examples.

## Subpart 25.6—American Recovery and Reinvestment Act—Buy American statute—Construction Materials

### 25.600 Scope of subpart.

This subpart implements section 1605 in Division A of the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5) (Recovery Act) with regard to manufactured construction material and the [41 U.S.C. chapter 83](#), Buy American (referred to in this subpart as the Buy American statute) with regard to unmanufactured construction material. It applies to construction projects that use funds appropriated or otherwise provided by the Recovery Act.

### 25.601 Definitions.

As used in this subpart—

“Domestic construction material” means the following:

(1) An unmanufactured construction material mined or produced in the United States. (The Buy American statute applies.)

(2) A manufactured construction material that is manufactured in the United States and, if the construction material consists wholly or predominantly of iron or steel, the iron or steel was produced in the United States. (Section 1605 of the Recovery Act applies.)

“Foreign construction material” means a construction material other than a domestic construction material.

“Manufactured construction material” means any construction material that is not unmanufactured construction material.

“Public building or public work” means a building or work, the construction, prosecution, completion, or repair of which is carried on directly or indirectly by authority of, or with funds of, a Federal agency to serve the interest of the general public regardless of whether title thereof is in a Federal agency (see [22.401](#)). These buildings and works may include, without limitation, bridges, dams, plants, highways, parkways, streets, subways, tunnels, sewers, mains, power lines, pumping stations, heavy generators, railways, airports, terminals, docks, piers, wharves, ways, lighthouses, buoys, jetties, breakwaters, levees, and canals, and the construction, alteration, maintenance, or repair of such buildings and works.

“Recovery Act designated country” means a World Trade Organization Government Procurement Agreement country, a Free Trade Agreement country, or a least developed country.

“Steel” means an alloy that includes at least 50 percent iron, between .02 and 2 percent carbon, and may include other elements.

“Unmanufactured construction material” means raw material brought to the construction site for incorporation into the building or work that has not been—

- (1) Processed into a specific form and shape; or

- (2) Combined with other raw material to create a material that has different properties than the properties of the individual raw materials.

### 25.602 Policy.

#### 25.602-1 Section 1605 of the Recovery Act.

Except as provided in [25.603](#)—

(a) None of the funds appropriated or otherwise made available by the Recovery Act may be used for a project for the construction, alteration, maintenance, or repair of a public building or public work unless the public building or public work is located in the United States and—

(1) All of the iron, steel, and manufactured goods used as construction material in the project are produced or manufactured in the United States.

(i) All manufactured construction material must be manufactured in the United States.

(ii) *Iron or steel components.* (A) Iron or steel components of construction material consisting wholly or predominantly of iron or steel must be produced in the United States. This does not restrict the origin of the elements of the iron or steel, but requires that all manufacturing processes of the iron or steel must take place in the United States, except metallurgical processes involving refinement of steel additives.

(B) The requirement in paragraph (a)(1)(ii)(A) of this section does not apply to iron or steel components or sub-components in construction material that does not consist wholly or predominantly of iron or steel.

(iii) *All other components.* There is no restriction on the origin or place of production or manufacture of components or subcomponents that do not consist of iron or steel.

(iv) *Examples.* (A) If a steel guardrail consists predominantly of steel, even though coated with aluminum, then the steel would be subject to the section 1605 restriction requiring that all stages of production of the steel occur in the United States, in addition to the requirement to manufacture the guardrail in the United States. There would be no restrictions on the other components of the guardrail.

(B) If a wooden window frame is delivered to the site as a single construction material, there is no restriction on any of the components, including the steel lock on the window frame; or

(2) If trade agreements apply, the manufactured construction material shall either comply with the requirements of paragraph (a)(1) of this subsection, or be wholly the product of or be substantially transformed in a Recovery Act designated country;

(b) Manufactured materials purchased directly by the Government and delivered to the site for incorporation into the project shall meet the same domestic source requirements as

specified for manufactured construction material in paragraphs (a)(1) and (a)(2) of this section; and

(c) A project may include several contracts, a single contract, or one or more line items on a contract.

### 25.602-2 Buy American statute

Except as provided in [25.603](#), use only unmanufactured construction material mined or produced in the United States, as required by the Buy American statute or, if trade agreements apply, unmanufactured construction material mined or produced in a designated country may also be used.

### 25.603 Exceptions.

(a)(1) When one of the following exceptions applies, the contracting officer may allow the contractor to incorporate foreign manufactured construction materials without regard to the restrictions of section 1605 of the Recovery Act or foreign unmanufactured construction material without regard to the restrictions of the Buy American statute:

(i) *Nonavailability*. The head of the contracting activity may determine that a particular construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality. The determinations of nonavailability of the articles listed at [25.104\(a\)](#) and the procedures at [25.103\(b\)\(1\)](#) also apply if any of those articles are acquired as construction materials.

(ii) *Unreasonable cost*. The contracting officer concludes that the cost of domestic construction material is unreasonable in accordance with [25.605](#).

(iii) *Inconsistent with public interest*. The head of the agency may determine that application of the restrictions of section 1605 of the Recovery Act to a particular manufactured construction material, or the restrictions of the Buy American statute to a particular unmanufactured construction material would be inconsistent with the public interest.

(2) In addition, the head of the agency may determine that application of the Buy American statute to a particular unmanufactured construction material would be impracticable.

(b) *Determinations*. When a determination is made, for any of the reasons stated in this section, that certain foreign construction materials may be used—

(1) The contracting officer shall list the excepted materials in the contract; and

(2) For determinations with regard to the inapplicability of section 1605 of the Recovery Act, unless the construction material has already been determined to be domestically nonavailable (see list at [25.104](#)), the head of the agency shall provide a notice to the Federal Register within three business days after the determination is made, with a copy to the Administrator for Federal Procurement Policy and to the

Recovery Accountability and Transparency Board. The notice shall include—

(i) The title “Buy American Exception under the American Recovery and Reinvestment Act of 2009”;

(ii) The dollar value and brief description of the project; and

(iii) A detailed justification as to why the restriction is being waived.

(c) *Acquisitions under trade agreements*. (1) For construction contracts with an estimated acquisition value of \$6,932,000 or more, also see subpart [25.4](#). Offers proposing the use of construction material from a designated country shall receive equal consideration with offers proposing the use of domestic construction material.

(2) For purposes of applying section 1605 of the Recovery Act to evaluation of manufactured construction material, designated countries do not include the Caribbean Basin Countries.

### 25.604 Preaward determination concerning the inapplicability of section 1605 of the Recovery Act or the Buy American statute.

(a) For any acquisition, an offeror may request from the contracting officer a determination concerning the inapplicability of section 1605 of the Recovery Act or the Buy American statute for specifically identified construction materials. The time for submitting the request is specified in the solicitation in paragraph (b) of either [52.225-22](#) or [52.225-24](#), whichever applies. The information and supporting data that must be included in the request are also specified in the solicitation in paragraphs (c) and (d) of either [52.225-21](#) or [52.225-23](#), whichever applies.

(b) Before award, the contracting officer must evaluate all requests based on the information provided and may supplement this information with other readily available information.

(c) Determination based on unreasonable cost of domestic construction material.

(1) *Manufactured construction material*. The contracting officer must compare the offered price of the contract using foreign manufactured construction material (*i.e.*, any construction material not manufactured in the United States, or construction material consisting predominantly of iron or steel and the iron or steel is not produced in the United States) to the estimated price if all domestic manufactured construction material were used. If use of domestic manufactured construction material would increase the overall offered price of the contract by more than 25 percent, then the contracting officer shall determine that the cost of the domestic manufactured construction material is unreasonable

(2) *Unmanufactured construction material*. The contracting officer must compare the cost of each foreign unmanufactured construction material to the cost of domestic

### 52.204-12 Unique Entity Identifier Maintenance.

(a) *Definition.* “Unique entity identifier”, as used in this clause, means a number or other identifier used to identify a specific commercial, nonprofit, or Government entity. See [www.sam.gov](http://www.sam.gov) for the designated entity for establishing unique entity identifiers.

(b) The Contractor shall ensure that the unique entity identifier is maintained with the entity designated at the System for Award Management (SAM) for establishment of the unique entity identifier throughout the life of the contract. The Contractor shall communicate any change to the unique entity identifier to the Contracting Officer within 30 days after the change, so an appropriate modification can be issued to update the data on the contract. A change in the unique entity identifier does not necessarily require a novation be accomplished.

(End of clause)

### 52.204-13 System for Award Management Maintenance.

As prescribed in [4.1105\(b\)](#), use the following clause:

#### SYSTEM FOR AWARD MANAGEMENT MAINTENANCE. (OCT 2016)

(a) *Definitions.* As used in this clause—

“Electronic Funds Transfer (EFT) indicator” means a four-character suffix to the unique entity identifier. The suffix is assigned at the discretion of the commercial, nonprofit, or Government entity to establish additional System for Award Management (SAM) records for identifying alternative EFT accounts (see subpart [32.11](#)) for the same entity.

“Registered in the System for Award Management (SAM) database” means that—

(1) The Contractor has entered all mandatory information, including the unique entity identifier and the EFT indicator (if applicable), the Commercial and Government Entity (CAGE) code, as well as data required by the Federal Funding Accountability and Transparency Act of 2006 (see [subpart 4.14](#)), into the SAM database;

(2) The Contractor has completed the Core, Assertions, Representations and Certifications, and Points of Contact sections of the registration in the SAM database;

(3) The Government has validated all mandatory data fields, to include validation of the Taxpayer Identification Number (TIN) with the Internal Revenue Service (IRS). The Contractor will be required to provide consent for TIN validation to the Government as a part of the SAM registration process; and

(4) The Government has marked the record “Active”.

“System for Award Management (SAM)” means the primary Government repository for prospective Federal awardee and Federal awardee information and the centralized Government system for certain contracting, grants, and other assistance-related processes. It includes—

(1) Data collected from prospective Federal awardees required for the conduct of business with the Government;

(2) Prospective contractor-submitted annual representations and certifications in accordance with FAR [subpart 4.12](#); and

(3) Identification of those parties excluded from receiving Federal contracts, certain subcontracts, and certain types of Federal financial and non-financial assistance and benefits.

“Unique entity identifier” means a number or other identifier used to identify a specific commercial, nonprofit, or Government entity. See [www.sam.gov](http://www.sam.gov) for the designated entity for establishing unique entity identifiers.

(b) The Contractor is responsible for the accuracy and completeness of the data within the SAM database, and for any liability resulting from the Government’s reliance on inaccurate or incomplete data. To remain registered in the SAM database after the initial registration, the Contractor is required to review and update on an annual basis, from the date of initial registration or subsequent updates, its information in the SAM database to ensure it is current, accurate and complete. Updating information in the SAM does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(c) (1) (i) If a Contractor has legally changed its business name, *doing business as* name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in subpart [42.12](#), the Contractor shall provide the responsible Contracting Officer a minimum of one business day’s written notification of its intention to—

(A) Change the name in the SAM database;

(B) Comply with the requirements of subpart [42.12](#) of the FAR; and

(C) Agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor shall provide with the notification sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph (c)(1)(i) of this clause, or fails to perform the agreement at paragraph (c)(1)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the SAM information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the “Suspension of Payment” paragraph of the electronic funds transfer (EFT) clause of this contract.

(2) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the SAM record to reflect an assignee for the purpose of assignment of claims (see FAR subpart [32.8](#), Assignment of Claims). Assignees shall be separately registered in the SAM. Information provided to the Contractor’s SAM record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the “Suspension of Payment” paragraph of the EFT clause of this contract.

(3) The Contractor shall ensure that the unique entity identifier is maintained with the entity designated at [www.sam.gov](http://www.sam.gov) for establishment of the unique entity identifier throughout the life of the contract. The Contractor shall communicate any change to the unique entity identifier to the Contracting Officer within 30 days after the change, so an appropriate modification can be issued to update the data on the contract. A change in the unique entity identifier does not necessarily require a novation be accomplished.

(d) Contractors may obtain additional information on registration and annual confirmation requirements at <https://www.acquisition.gov>.

In addition, the Contracting Officer will make the Contractor’s failure to comply with the reporting requirements a part of the Contractor’s performance information under FAR [subpart 42.15](#).

In the event the agency believes that revisions to the Contractor reported information are warranted, the agency will notify the Contractor no later than November 15. (D) Contractor point of contact.

(ii) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(ii) The Government may issue a demand for payment to the Contractor upon finding a debt is due under the contract.

(iii) *Final Decisions.* The Contracting Officer will issue a final decision as required by [33.211](#) if—

(A) The Contracting Officer and the Contractor are unable to reach agreement on the existence or amount of a debt in a timely manner;

(B) The Contractor fails to liquidate a debt previously demanded by the Contracting Officer within the timeline specified in the demand for payment unless the amounts were not repaid because the Contractor has requested an installment payment agreement; or

(C) The Contractor requests a deferment of collection on a debt previously demanded by the Contracting Officer (see FAR [32.607-2](#)).

(iv) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision shall identify the same due date as the original demand for payment.

(v) Amounts shall be due at the earliest of the following dates:

(A) The date fixed under this contract.

(B) The date of the first written demand for payment, including any demand for payment resulting from a default termination.

(vi) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date and ending on—

(A) The date on which the designated office receives payment from the Contractor;

(B) The date of issuance of a Government check to the Contractor from which an amount otherwise payable has been withheld as a credit against the contract debt; or

(C) The date on which an amount withheld and applied to the contract debt would otherwise have become payable to the Contractor.

(vii) The interest charge made under this clause may be reduced under the procedures prescribed in [32.608-2](#) of the Federal Acquisition Regulation in effect on the date of this contract.

(viii) Upon receipt and approval of the invoice designated by the Contractor as the “completion invoice” and supporting documentation, and upon compliance by the Contractor with all terms of this contract, any outstanding balances will be paid within 30 days unless the parties agree otherwise. The completion invoice, and supporting documentation, shall be submitted by the Contractor as promptly as practicable following completion of the work under this contract, but in no event later than 1 year (or such longer period as the Contracting Officer may approve in writing) from the date of completion.

(7) *Release of claims.* The Contractor, and each assignee under an assignment entered into under this contract and in effect at the time of final payment under this contract, shall execute and deliver, at the time of and as a condition precedent to final payment under this contract, a release discharging the Government, its officers, agents, and employees of and from all liabilities, obligations, and claims arising out of or under this contract, subject only to the following exceptions.

(i) Specified claims in stated amounts, or in estimated amounts if the amounts are not susceptible to exact statement by the Contractor.

(ii) Claims, together with reasonable incidental expenses, based upon the liabilities of the Contractor to third parties arising out of performing this contract, that are not known to the Contractor on the date of the execution of the release, and of which the Contractor gives notice in writing to the Contracting Officer not more than 6 years after the date of the release or the date of any notice to the Contractor that the Government is prepared to make final payment, whichever is earlier.

(iii) Claims for reimbursement of costs (other than expenses of the Contractor by reason of its indemnification of the Government against patent liability), including reasonable incidental expenses, incurred by the Contractor under the terms of this contract relating to patents.

(8) *Prompt payment.* The Government will make payment in accordance with the Prompt Payment Act ([31 U.S.C. 3903](#)) and prompt payment regulations at 5 CFR part 1315.

(9) *Electronic Funds Transfer (EFT).* If the Government makes payment by EFT, see [52.212-5\(b\)](#) for the appropriate EFT clause.

(10) *Discount.* In connection with any discount offered for early payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date that appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

(l) *Termination for the Government's convenience.* The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid an amount for direct labor hours (as defined in the Schedule of the contract) determined by multiplying the number of direct labor hours expended before the effective date of termination by the hourly rate(s) in the contract, less any hourly rate payments already made to the Contractor plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system that have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred that reasonably could have been avoided.

(m) *Termination for cause.* The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.
